

The Chadron State Foundation Today June, 2022

From the desk of:
Ben Watson
Chief Executive Officer

June at CSC and the Foundation

Students have left campus for the academic year, faculty are taking a breath, yet work continues to ensure that the environment for delivering a high quality, affordable education for students continues. The Chadron State Foundation Board of Trustees meet this month to discuss strategies for the Foundation to continue to support the mission of Chadron State College. The Nebraska State College System Board of Trustees will meet to continue evaluating the College's progress towards its goals and to determine strategies to move the College and region in the coming years.

We look forward to sharing with you how your commitment to Chadron State helps meet the challenges in the future.

Thank you for creating opportunities and supporting the life of Chadron State College.

Math Science Center of Innovative Learning

Chadron State College and the Foundation are committed to ensuring the Math Science project can meet the requirements for STEM education at CSC. Faculty and staff receive training for use of interactive display technology in the picture above as construction winds down. **Thank you to all the generous donors who have made this project possible.** For information on how you can help move this project forward, contact the Foundation at 308-432-6366.

Thank You 2022 Don Beebe Classic Golfers... 34 teams competed in this year's tournament to support CSC Athletics. The championship and first flight were rained out on the back nine Sunday afternoon but it was another great weekend with CSC alumni and friends.

Alumni Take the Stage... A recent North Platte Community Playhouse production of Clue, based on the board game of the same name about a murder at a mansion with several suspects, featured four alumni of Chadron State College. Actors included Staysha Adams (2014) as Mrs. Peacock, Lane Swedberg (2016) as Mr. Green, Chantel Burch (2014) as Mrs. White, and Jesse Young (2015) as Wadsworth, the butler.

Good Luck Danny... Former CSC football star Danny Woodhead (2008) has traded a helmet for the golf course following his retirement from the NFL. Woodhead will compete for a spot in the U.S. Open at the 36-hole final qualifier on June 6 at Springfield (Ohio) Country Club.

Biking Across the USA... A CSC student and two professors have started their bike journey across the USA. You can learn more in the upcoming Chadron State magazine and follow their journey on Twitter @speedgoats

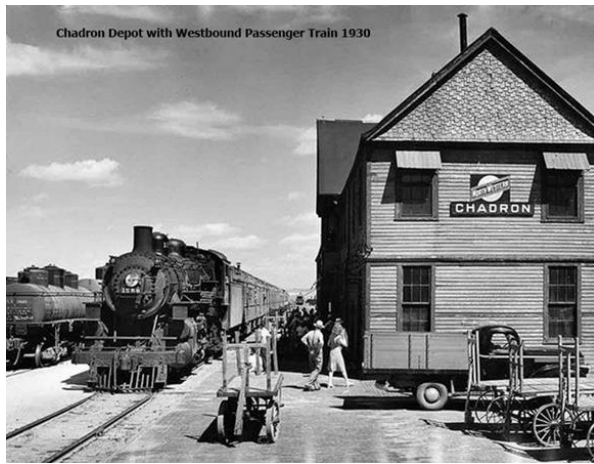

Eagle Athletics... June brings hundreds of prospective future Eagles to campus for summer athletic camps. For everything up-to-date on CSC Athletics go to www.chadroneagles.com

A Bit of History: 1962... The National Guard Armory opened on campus. The Armory remains active to this day.

Alumni Abroad

Travelers enjoy the final days of the Chadron State alumni travel program's Danube River Cruise. The trip began in Prague and visited five countries - the Czech Republic, Germany, Austria, Slovakia, and Hungary. The photo was taken as the ship departed for the final destination in Budapest.

Recollections

Recollections are excerpts of stories submitted to the College for the 75th Anniversary book written by Con Marshall. If you are interested in reading the full story please contact the Alumni office. The following is an excerpt entitled "Speaker Crosses Up President" by Larry Tangeman.

"For several years prior to World War II, the enrollment at Chadron State College was in the neighborhood of 250 to 300 students. The great need for teachers following the war and continuing into the 1950s set the stage for calling on state colleges and universities across the land to prepare them in increasing numbers.

In 1955 or '56, President Barton Kline...called a meeting of teachers and administrators from the Panhandle...The featured speaker was Dr. Earl Wiltse, superintendent of schools in Grand Island. When it came time for him to speak he couldn't be found. Kline knew Wiltse was on campus, so the present went ahead with his welcome with the hopes that the speaker would show.

As it turned out, Wiltse was tired from his trip, had taken a nap in the lobby of a dormitory and had overslept."

In Their Words

Scholarships make education attainable and allow recipients to focus on their studies at Chadron State College. In Their Words demonstrates the impact scholarships make in students' lives.

The **Clifford W. "Pete" & Bernadette Carroll Endowed Scholarship** was established in 2001. Pete came to Chadron from Cambridge and played four years of football and was the captain of the 1933 team that won the Nebraska State College Championship. He was inducted into the Hall of Fame in 1988. He served in World War II before a career with the Veterans Administration and Bureau of Indian Affairs. The scholarship is awarded to a member of the football team. Michael DeCamillis of Westminster, Colorado was a recent recipient of the scholarship.

"I am very thankful to be named a recipient of this scholarship. This scholarship enables me to further chase my dreams of becoming an educator. Knowing that Mr. Carroll excelled on the football field and achieved many great things gives me motivation and a standard to strive for."

Giving to The Chadron State Foundation creates opportunities and enables positive outcomes wherever they may be. As new students come to campus hundreds of opportunities enable CSC attendees to broaden their horizons. Your gifts help to support the entire educational experience.

Rising Sophomores

Supporting Chadron State students as they progress is essential to ensuring that those who start their education can continue to strive to meet their goals. Fifty-nine Rising Sophomores awards are presented to freshman nominated by faculty and staff at a ceremony on April 8. You can support scholarships for these students by going to
