All first year students are required to take 6 credits of an FYI. TRANSFER CREDITS:

Some courses transfer in automatically and some course must be proven through the substitution process. A course substitution is a good idea when: 1) you have taken a course from another institution which covers the same content as a CSC course; 2) your faculty advisor recommends a course substitution; 3) a required course is no longer offered. To transfer credits through course substitution contact your academic advisor.

Students who score below 19 on the ACT English, Reading, and/or Math tests must initially take Transitional Studies courses prior to enrolling into the FYI, Writing Skills, or Mathematics courses.
