Success Coaches

Get Social!

Getting to know your faculty advisor is key to your success as a CSC student. Connecting with them early will help you feel more comfortable in the classroom, in your program and on-campus. Here are some tips to helping you start the conversation:

- 1. Make an appointment.** Email your advisor, in advance, and ask to set-up an appointment during their office hours (posted on their office door). If the office hours don't work with your schedule, email them some days/times that work for you (within reason—Tuesday at 2:00 a.m. is probably not good for many faculty). Also, make sure your email is professional: Hello Professor Eagle, my name is _____. You are my faculty advisor and I'd like to set-up a time to meet with you. I am available at the following times _____. Starting with "Hey man, what's up..." probably not a good first impression.
- 2. Introduce yourself when you arrive for your appointment. Tell them your full name and thank them for taking time to meet with you.**
- 3. Ask them something about themselves.** People love to talk about themselves! Ask them why they chose to their field of study, what their favorite course is in the program or maybe what they did over the summer. They will probably ask you about you, so come prepared with something interesting (a recent book you read, why you picked your program of study, what you did over the summer, you get the gist.)

4. Okay, now the ice is broken. Now, cut to the chase and let them know why you are there. Hopefully you will visit about some or all of the following topics:

- Tell them your career goals and ask if your degree fits those aspirations.
- Ask about the program as a whole and work with them to put together a 4-year course plan.
 - Make sure to visit about any internship or shadowing opportunities.
- Ask them if there are things you need to plan for
 - Classes with prerequisites
 - Prerequisite classes that fill quickly
 - What classes you should avoid taking in the same semester
 - Required testing for certification or costs
- Have them look at your upcoming course schedule, make suggestions for adjustments and suggestions for classes to take in future terms (keep that list and visit the START Office for enrollment assistance).

aspirations.

5. Wrap it up.

- Thank them again for their time.
- Ask about follow-up meeting and when would be a good time.

6. Send a follow-up email. Mention how great it was to meet them and point out something specific about your conversation that you enjoyed.

THANKS!

Hopefully you have now opened the door to a great relationship with your advisor. You have also developed some professional development skills which will serve you well in the “real world” that everyone is always talking about. Congratulations! The following meetings will be less awkward (and less scripted)!

success!

The Residence Life Handbook contains the terms and conditions of residence life at Chadron State College. Please read all the information provided within as it constitutes items that students will be responsible for as residents at CSC.

Additional policies for the campus and residential units are available in the CSC Student Handbook on the CSC web site. CSC Housing and Residence Life reserves the right to update procedures or policies as needed.

WELCOME TO HOUSING AND RESIDENCE LIFE

On behalf of CSC Housing staff, I want to welcome you to our campus community!

Chadron State College takes great pride in the spacious living arrangements available on campus.

Chadron State College residence halls offer double and single occupancy in a variety of room arrangements. All residence halls are located on campus in close proximity to classrooms and campus activities.

Students will find that on-campus living quickly makes them part of the campus community. In the residence halls, students will find more than a comfortable place to sleep and study. There are several opportunities to develop skills and friendships by participating in Residence Life Association and campus activities. Experiences in the residence halls will become lasting memories.

Similar to life outside of college, campus life can present difficulties and opportunities. The goal of Housing and Residence Life is to help students resolve or avoid some of these difficulties and make college living meaningful and rewarding. This is possible through the efforts of the specially selected and trained Residence Life staff who work directly with students. Students are invited to visit with any of these individuals regarding questions about the campus or campus housing.

While living on campus, staff will encourage students to meet new friends, become involved in the numerous activities offered, and enjoy the safety and convenience of on-campus living.

Sincerely,

Austen Stephens

3. Students enrolled in exclusively online courses in the current semester.
4. Part-time students enrolled in less than 12 credit hours in the current semester.

All students living in the residence halls are required to participate in the food service program by purchasing a meal plan.

RESIDENCE HALL RESERVATION

Once a prospective student is ready to register, the housing application will appear on the “To-Dos” of the student’s MyCSC Dashboard. Rooms are assigned by the Housing Office Staff. The preferences of each student in terms of roommate, residence hall and room type are considered in the assignment. If students are not assigned their first choice, they will be given the opportunity to change when space is available.

Student room reservations will be held until 12:00 noon (MST) on the first day of classes. At that time, rooms reserved for students who have not checked in will be re-assigned. The room will be held if the student has notified the Housing Office that he/she will be arriving late. Chadron State College reserves the right

to make all housing assignments according to what appears to be in the best interest of the student and the College. Returning students will select their room placement for the coming fall with Residence Life staff during the re-contracting period, which typically takes place in February.

RESIDENCE HALL CONTRACTS

Residents sign a contract for the full academic year if they move in at the beginning of the fall semester. Those residents who move in after the start of the fall semester or at the beginning of the spring semester sign a contract that runs through the remainder of the academic year. Summer sessions are considered to be a separate contract period. Students' room contracts with the CSC Housing and Residence Life Office are legally binding. The terms of the contract are included in each contract. In addition, students are responsible for the information regarding the residence halls, food service, and campus which is included in the CSC Residence Life and Student Handbook.

If a student is under age 19, a parent or guardian must co-sign the contract.

There may be a housing cost levied for these arrangements. Vacation periods not covered by the Residence Hall Contract include Thanksgiving break, Winter break, and Spring break. Any fire or smoke must be immediately reported to the Assistant Director of Residence Life or Resident Advisor. Fire regulations and procedures are posted in each room. It is the student's responsibility to become familiar with the correct fire procedures.

Tampering with the fire alarm or fire equipment (including smoke detectors) or the setting of fires will result in disciplinary action and will be reported to the State and federal authorities. The student will not be allowed to remain in housing.

OPEN FLAME

Burning candles, incense, and smoking in a residence hall room is considered a fire hazard and is forbidden.

Halogen lights and any form of heating lamps are not permitted in student rooms due to high fire rating.

RESIDENCE HALL SMUDGING PROTOCOL

Any student wishing to smudge within the residence halls may be granted permission to do so one time at the beginning of the semester. The student must request approval at least 48 hours prior to activity, from the Director of Housing & Residence Life, or designee. Please call (308) 432-6466 or email cschousing@csc.edu to make arrangements.

FIRE SPRINKLER SYSTEM

The following safety information pertains to halls with fire sprinklers. To ensure proper functioning of the sprinkler system, please observe the following:

1. Items should not be hung or attached to the sprinkler head or piping.
2. Sprinkler heads should never be obstructed or tampered with in any way.
3. Frisbees, balls, and other items that can damage the sprinkler heads are not to be thrown, kicked, or otherwise launched in rooms, hallways, or common areas.

Residents who tamper with the fire sprinkler system and cause damage will be subject to disciplinary action. This may include being held responsible for all damages to resident and college property, possible removal from the residence hall, and/or possible legal action.

TORNADO ALERT PROCEDURES

Watch – A tornado watch means that conditions are favorable for a tornado, and one may be possible.

Warning – A tornado warning means that a tornado has actually been sighted. Warning information is given by the radio and television. The warning to seek shelter is also given by the continuous undulation (rising and falling) tone of the sirens.

IF A TORNADO SIREN IS HEARD: TUNE RADIOS TO 610 AM OR 97.5 FM, AND LOBBY TELEVISIONS TO ANY CHANNEL FOR EMERGENCY INSTRUCTIONS.

In the event of a tornado warning take shelter in the basement or lowest level in the building. Residents should have a good flashlight, blankets, and a battery powered radio in case of emergencies. For more information on tornado safety contact the Region 23 Emergency Management Agency at (308) 432-2251.

SMOKING

The CSC Residence Halls are "Smoke Free", therefore, smoking in the residence halls is not allowed. This includes, but is not limited to cigarettes, hookahs, pipes, cigars, e-cigarettes, vaping devices, mod and pod systems, or any other electronic nicotine delivery systems (ENDS). Hookah coals are considered a fire hazard, therefore hookah pipes are not allowed in the residence halls. Members of the CSC community are asked to comply with these regulations. The regulation is in place to promote and support the health of residential students and staff.

Students who smoke outside a residence hall must do so and far enough from the building to avoid having smoke drift into the residence hall. Cigarette butts, packaging, and other debris must be disposed of properly.

GAMBLING

Gambling with or for money, in any form, is not permitted in the residence halls. Gambling on state property is a violation of Nebraska State Law.

SOLICITATION

Campus housing units are not to be used for any commercial purposes. Soliciting for business, charity, political, or religious purposes on campus grounds or in campus buildings by anyone is prohibited. All unauthorized signage may be removed immediately.

RESIDENCE HALL REFRIGERATORS/FREEZERS

Students may bring refrigerators 6 cu. ft. or less (mini-fridge). Chest freezers are not allowed.

APPLIANCES

Students may bring small appliances with automatic shut off such as a crockpot, coffee maker, air fryers, and griddle. Hot plates, liquid based deep fryers and open heat source appliances are not allowed. Absolutely no large appliances. Please visit the 2019-2020 CSC Welcome Guide for a comprehensive list.

RESIDENCE HALL EAGLE CARD SYSTEM

The EagleCard system at Chadron State College strives to make life in the Residence Halls safer and more convenient for students. The EagleCard will be required to access the main entrance of their housing complex. The EagleCard also enables students to utilize their meal plan at all campus dining locations.

Do not prop doors open as this may provide access to the building for people who do not reside on campus. In an effort to discourage unauthorized entry, students are encouraged to ensure the door they entered closes behind them to prevent "tailgating". Residence halls with front desk staff may also request students to present their ID upon entry. Visitors of a building are required to sign in.

RESIDENCE HALL CHECK IN - CHECK OUT

Early Check-in - Checking into the residence halls before the official opening is highly discouraged. Students must submit a written request to cschousing@csc.edu at least two weeks prior to the requested move-in date. Charges for early move in will be billed at summer weekly rates.

First Year and Transfer Students may move into the residence halls beginning at 11 AM on the Thursday, August 15th, 2019, as part of New Student Orientation. Returning students may move into the residence halls beginning at 11:00 AM on Friday, August 16th, 2019.

Each student is given an inventory card to note the condition of the room.

When residence in the hall is terminated, a Resident Life staff member will use the same card to determine any damage that was sustained, normal wear and tear will be considered. Each student is individually responsible for furniture, equipment, and the general condition of their room. Failure to leave the room in the same general condition as when it was first occupied will result in the assessment of a damage or cleaning charge. When checking out of the residence hall, students should use the following procedure:

- Give sufficient notice to the RA or Assistant Director so they may be present when checking out.
- Remove all possessions.
- Clean the room thoroughly (Sweeping, wiping of surfaces, etc.).
- Turn in the key to the RA, or AD.
- Sign the inventory card.
- Leave a forwarding address.
- Complete a "Housing Cancellation Request" if the student does not plan to return to campus housing the following semester.

DAMAGES

Residents of the room will be responsible for damages due to student negligence. Dart boards are not allowed in the residence halls or student rooms. Damages done to college property, except for that which is determined as normal wear and tear, may be billed to the student. Common area damages may be charged evenly to all students residing in that area if deemed necessary.

The College strictly prohibits any room furnishings from being removed from residence hall rooms without permission from Housing and Residence Life staff. Anyone removing college property from a residence hall will be charged and billed accordingly.

ACADEMIC PARTICIPATION/CLASS WITHDRAWAL

The primary purpose of Residence Life is to support the academic mission of Chadron State College and to facilitate a healthy living-learning environment. Students should not hesitate to seek out hall staff for assistance with class-related problems, and should not be surprised if staff approach them about academic progress. CSC Housing and Residence Life staff care about student success and hope to assist students throughout the academic year.

Students are expected to be actively engaged and attending classes. Should students demonstrate little or no active participation in the majority of their classes, the student may be asked to vacate the residence hall.

Withdrawal from CSC classes does not automatically terminate the housing contract but the student must be taking classes in order to live in campus housing. Once a student files withdrawal forms, they are encouraged to meet with Housing and Residence Life staff to review move-out policies and procedures. Housing charges may continue to accumulate until the student has signed the appropriate cancellation forms at the Housing and Residence Life Office, removed all belongings from the residence hall/apartment, returned the room key, and completed the check-out process with the Residence Life Staff. Only CSC students may reside in campus residences.

PART-TIME STUDENTS

Any student who drops below 12 semester hours after the first week of the semester must receive approval from the Director of Housing and Residence Life to remain in the residence halls and must return to full-time status for the following semester. The Housing Office is in Crites Hall, room 102/103.

In the event that a student with less than 12 hours becomes involved in the disruption of the safety, security, and good order of the residence hall environment, that student may be required to vacate the residence hall immediately.

ATTENDING FLOOR MEETINGS

Students are responsible for all information discussed and found in the Residence Hall Handbook and Campus Student Handbook; if unable to attend the floor meeting, students should contact their Resident Advisor (RA). General meetings of all residents are held in each residence hall during fall and spring semesters. Floor meetings are held periodically throughout each semester. Notices will be posted announcing the time and place of each meeting. If attendance is required, students may be given a violation for noncompliance for failure to attend.

ROOM KEY

A room key will be issued when a student checks into campus housing. Students are advised to keep their room locked and their key with them at all times. If a key is lost, it should be reported immediately to the Residence Life Staff. Housing and Residence Life staff will have the student complete a Lost Key form and the student will be responsible for the replacement cost of \$20 per key. The student will then be issued a new key by Housing and Residence Life staff. Refunds for recovered keys may be issued through the Housing Office. Students are not allowed to duplicate college keys.

DECORATIONS

A room is more enjoyable if decorated with posters, rugs, plants or other items. Students should not use decorations that create a health or fire hazard or cause damage to the room or residence hall. Empty bottle and can collections in the rooms are not permitted as they present a health and pest hazard. Retaining empty alcohol cans or bottles in rooms for recycling is a violation of college & alcohol regulations. Each residence hall has items available for check out: board games and various types of recreation equipment. Also available for student use are microwaves, jumper cables, shovels and brooms. Any type of wax melting warmer is not allowed in the residence halls. Air fresheners, including those that plug into outlets, are acceptable.

- All decorations must be noncombustible or flame retardant.
- Rooms may not be painted by students
- Black lights may not be placed in existing college light fixtures.
- Artificial trees, electric cords, and lights may be used only if approved by Underwriter's Lab.
- No natural trees may be used.
- Using nails, screws, or other fasteners that damage walls in the residence halls is prohibited.
- If holes are made in the walls, the use of toothpaste to fill those holes in is prohibited. Charges will be assessed. TV's may not be mounted to the walls.

- Command strips are allowed, the proper removal procedures must be followed to avoid peeled paint. Charges may be assessed for peeling paint. It is acceptable to leave command strips for CSC maintenance to remove.

SAVE ENERGY - KEEP COSTS DOWN

Students can help the College save energy (which in turn keeps room and board rates lower) by: turning off lights, powering down computers and gaming systems when not in use, keeping windows closed in winter and turning water off when not in use.

ROOM WINDOWS

Residents **MAY NOT REMOVE** the screens from their room window or other residence hall windows at any time. Damages may be assessed for damaged or missing screens. In order to protect those individuals who may be walking outside the residence halls, no objects of any type may be thrown, dropped, pushed out of, placed outside of, or allowed to fall from, any residence hall window.

ELEVATORS

In the event that an elevator should malfunction, use the emergency alarm and await assistance. Under no circumstances should an individual attempt to open the doors by force or use alarm bells for reasons other than an emergency. All problems with the elevators should be reported to Housing and Residence Life staff. Students should adhere to the capacity regulations posted for each elevator. Vandalism (e.g. overloading, tampering with doors and control panels, jumping, rocking, etc.) will not be tolerated in elevators and may result in damage charges to the student.

PETS

No pets, except non-dangerous fish, are allowed in the residence halls. No other pets may be kept in the Aquarium, only fish! Aquariums may be no larger than 10 gallons. If a pet is found on the campus, the student will be in violation and may be given a disciplinary sanction. They may be given an appropriate timeline to vacate the animal. If the pet is not removed or another pet is found, it could result in additional disciplinary action or the termination of the housing contract. The exception is service animals functioning as a disability accommodation or an assistance animal which provides emotional support, comfort, therapy, companionship, therapeutic benefits or to promote emotional well-being.

All assistance animals must be approved through CSC Disability Services prior to being brought on campus.

SERVICE ANIMALS

Service animals are dogs or miniature horses trained to do work or perform tasks for a student with a disability, and the work is directly related to the individual's disability. Service animals may accompany the student in any and all locations where students are reasonably permitted to be and where it is deemed safe for the animal to be. The College may prohibit the use of service animals in certain locations because of health and safety restrictions.

Students with disabilities who are accompanied by service animals must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities. Service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the student's disability prevents using these devices. In that case, the

student must maintain control of the animal through voice, signal or other effective controls.

The College is not responsible for the care or supervision of service animals. The College is not responsible for the evacuation or care of service animals during fire alarms, fire drills, building or campus emergencies, or natural disasters. Individuals with disabilities who are accompanied by service animals are solely responsible for the cost, care, supervision and well-being of the animal at all times. The College may request proof of compliance with vaccination requirements.

Students with disabilities accompanied by service animals are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

Cleaning up after the animal is the sole responsibility of the student with disabilities that is in possession of the service animal. If the individual is not physically able to clean up after the animal, it is then the responsibility of that individual to hire someone capable of cleaning up after the animal in a timely, hygienic and respectful manner.

ASSISTANCE ANIMALS

The College may allow a student to be accompanied by an Assistance Animal that is not a service animal if the animal is necessary because of the student's disability. The College will evaluate whether to permit an Assistance Animal using the same procedure as it uses to evaluate any other request for reasonable accommodation. While the College will evaluate each request on a case-by-case basis, students generally may establish the necessity for an Assistance Animal in student housing if: (1) the student has a documented disability; (2) the student provides verification documentation from a health care professional with whom a student has an established clinical relationship that the Assistance Animal is necessary because of the student's disability to have an equal opportunity to use and enjoy student housing. The presence of the Assistance Animal must also be reasonable. Assistance Animals can pose no direct threat to the health and safety of others; cause substantial damage to the property of others; pose an undue financial or administrative burden; or fundamentally alter the nature of the College's operation. Students with disabilities who have Assistance Animals must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities.

The College is not responsible for the care or supervision of Assistance Animals. The College is not responsible for the evacuation or care of Assistance Animals during fire alarms, fire drills, building or campus emergencies, or natural disasters. A student with a disability who has an Assistance Animal is solely responsible for the cost, care, supervision and well-being of the animal at all times. The College will require a student to provide evidence that the Assistance Animal's vaccinations are current. Students with disabilities who have an Assistance Animal are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

THEFT

Students are responsible for locking their room. CSC is not responsible for personal property that is lost, stolen, or damaged. Large sums of money and other valuables should not be kept in the residence hall room. For purposes of insurance claims, it is recommended that the student file a police report for any theft. Students are encouraged to take pictures of, or otherwise document their personal items. This could assist law enforcement agencies in the event of a theft. Students are encouraged to consider insurance for their property. In

some cases, homeowner’s insurance policies will cover a student’s property. To provide maximum security for personal property, a room should be locked when unoccupied.

Public signs are property of governmental agencies and those displayed in student rooms/apartments will be confiscated and returned to authorities. In some cases fines or tickets may be imposed.

HEATING UNITS

In order for the heating units to function properly it is imperative that furniture and other objects that tend to obstruct the flow of air be kept away from heating vents.

ROOM MAINTENANCE REQUESTS

All necessary repairs and maintenance should be reported to the maintenance log located in each building’s lobby. Housing and Residence Life staff will report the repair to the CSC Maintenance Department. If a major leak or other maintenance emergency is found, students should contact on-duty staff or the maintenance department at (308) 432-6226.

Limited storage space is provided in each residence hall for returning on-campus students over the semester and summer breaks. The College assumes no responsibility for items placed in storage. Items left in storage after a student moves out may be discarded or sold at the Residence Hall Garage Sale with proceeds to be used for hall programming. Students who are not contracted for the following semester may not utilize residence hall storage spaces.

Loft beds are currently permitted at Eagle Ridge only. If you wish to bunk your beds in a room, contact CSC Residence Life staff to receive the pins necessary to do so.

The College will not assume responsibility for any injury incurred due to the bunking of beds. Residents should only bunk their beds in the appropriate manner. “Stacking” beds on other furniture or structures is a safety hazard and is discouraged.

LOFTS & WATER BEDS – ARE NOT ALLOWED IN CSC HOUSING

Lofts or lofting beds are not permitted, unless provided by CSC Residence Life staff. Loft beds are currently permitted at Eagle Ridge only. A Loft is defined as an elevated sleeping area constructed of wood or steel that is securely fastened into a single unit. Students may only bunk the beds with pegs that are provided by CSC Residence Life staff.

The Associate Director of Residence Life may be reached at (308) 432-7015, and must approve the posting of information within residence halls. Posters and other advertisements may be posted on public bulletin boards only. RAs will post items of interest by their room door in the hallway. Regulations prohibit individuals or clubs from posting materials on fire exit doors, windows, and in stairwells. Information posted in these areas or postings not approved by the Associate Director of Residence Life will be removed.

WELCOME

Dear Student,

From the moment you first set foot on campus as a freshman, until you toss your cap into the air after you graduate, you will be surrounded by people dedicated to making your time at Chadron State College both rewarding and enjoyable.

Our dedicated and passionate faculty will prepare you to excel, as evidenced by the frequent recognition and awards our graduates receive in their fields. Our alumni around the country speak highly of the quality of the education they received at Chadron State and of their experiences here. Each fall, many of our alums return for homecoming to renew old acquaintances, and to recall a very special time in their lives.

Our current students hail from 35 states and 11 foreign countries. Many of our students reside on our beautiful campus and enjoy the traditional college experience and many others come to us through our comprehensive distance learning opportunities from their homes around the state and country.

We recognize the college experience is more than a classroom. Our beautiful campus, located in northwestern Nebraska, is set among splendid buttes, pine-covered hills and grassy plains, and is steeped in the small-town atmosphere of Chadron, Nebraska. A host of extracurricular activities are designed to challenge and enrich your life and your college experience. Our many athletic programs, including NCAA Division II sports in the Rocky Mountain Athletic Conference, intramurals, and club sports provide you with an avenue to participate if you aspire to be a student athlete or a welcome diversion from your studies as you cheer from the stands with your friends.

If I had to pick one word to describe Chadron State College, it would be vibrant—the academic programs, the faculty, the support staff, the athletic programs, the campus life and our alumni are all vibrant. Welcome to Chadron State College!

Counseling Services

(308) 432-6232 | Crites Hall rooms 010 and 011

Counseling services – free of charge and confidential – are available to all CSC students through the Health Services office (Crites Hall room 009; 308-432-6232). Licensed counselors are available to help students with mental health problems such as anxiety and depression, and difficult life situations such as relationship problems, loss and grief, making important decisions, and making positive behavior changes. Counseling can build self-understanding and self-esteem and enhance one's ability to make wise and responsible life choices. Counselors also provide education classes for students who have been caught in violation of the College's policies regarding alcohol and other drugs.

Students can access counseling services by contacting the Health Services office. Walk-ins are welcome; however, the counselors may be busy with other scheduled commitments. In the case of a life-threatening emergency, call 9-911 (from on-campus phones) or 911 (from off-campus phones).

(Project Strive/TRiO also provides a counselor for students. See p. 20 for information.)

DISABILITY SERVICES

(308) 432-6467 | Library Learning Commons, 201

In accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 and amendments, Chadron State College is committed to providing learning and other opportunities for all students so they may achieve their academic goals. Through the Disability Services office, the College seeks to ensure equal access to the education, programs, and services of the College for all students. Reasonable accommodations may be provided to enable students with disabilities to learn, to receive information, to demonstrate learned information, and to benefit from the programs and services of the College.

Students requesting reasonable accommodations must submit to the Disability Services office (Library Learning Commons, Office 201) documentation from a qualified professional that verifies the student's disability. To support the student's request for accommodations, documentation must include: 1) a clear statement of diagnosis, 2) a description of the effect of the disability on the student's academic (or other) performance, and 3) recommended accommodations. The College reserves the right to have the student's documentation reviewed by appropriate professionals and to request additional documentation or evaluation in order to verify the student's need for reasonable accommodations.

The accommodation process is interactive and requires the student's full participation. When the student's disability is adequately documented, the Disability Services office will prepare official memos about the student's need for reasonable accommodations and give them to the student. The student will then deliver the memos to his or her professors or other College officials and discuss with them how best to implement the accommodations.

Specialized Software for Individuals with Text-Related Disabilities

A computer system is available on the first floor of the King Library Learning Commons for use by students with text-related disabilities or difficulties. Software includes Kurzweil 3000, which allows students to create audio files of printed material.

Chadron State College does not discriminate on the basis of a disability. Students are encouraged to visit with the College's disability compliance coordinator should the need arise. (Equal Employment Opportunity Policy) or contact:

Milk must be removed from the refrigerator before leaving campus each day. Each individual utilizing BRK 224 must bring all supplies needed (e.g. breast pump, storage bags, cleaning supplies).

Requests for room scheduling should be directed to (308) 432-6359. Requests for accommodations should be directed to the Disability services coordinator (432-6467, Library Learning Commons, Room 201).

Tornado Information

Tornado watches and warnings are issued by the National Weather Service when the possibility of a tornado exists. Watches are generally used for wide areas exposed to a rapidly developing threat. The time period covered will normally be

several hours. Not every watch will result in severe thunderstorms or a tornado, but one may result in some part of the watch area. During a tornado watch, you should be aware of changing weather conditions and should be prepared to move to a safe place. Tornado warnings are issued for much smaller areas and for shorter periods of time than watches. When a warning is issued, seek shelter or move to a safe area immediately.

If you are indoors. . . .

- A. Move immediately from your classroom, work area, or residence room to an interior place of greater safety, closing doors as you leave. Seek shelter in areas designated in all buildings or the lowest level of the building.
- B. In multi-story buildings or residence halls, move to the basement or interior hallway on lower floors. Upper stories of buildings are unsafe. Close draperies and move away from exterior windows or glass.
- C. In classrooms or work areas move to the basement, interior hallways, stairwells, or other areas which are directly supported and are free from exterior windows and glass.
- D. Stay close to the floor and cover your head with a jacket, blanket, pillow, etc. and shield yourself from flying debris by staying under heavy furniture.
- E. If time permits and you are able to move to a shelter, take a flashlight and a battery powered transistor radio to supply you with accurate information.

Avoid: a) top floors of buildings, b) elevators (power may fail), c) food service areas and d) auditoriums, gymnasiums or other places with wide, free span roofs.

If you are outdoors. . . .

- A. Seek indoor shelter if possible (Parked motor vehicles are unsafe.)
- B. If you cannot get indoors, lie flat in a ditch or low spot.
- C. If you are on flat ground and caught in the path of a tornado, always move at right angles from the path of the storm.

Remain in a place of shelter until you hear the clear signal or until you are sure the danger has passed. For more information on tornado safety contact the Region 23 Emergency Management Agency at (308) 432-2251.

CODE OF CONDUCT

Conduct and Discipline; Students (3100)

The Nebraska Board of Trustees grants authority to the Presidents of the State Colleges to designate appropriate officers, establish representative college committees, render initial decisions and provide appeal procedures in regard to allegations of academic dishonesty, grade appeals, failure to pay a financial obligation, or academic performance, achievement, probation and suspension. All disciplinary sanctions imposed for misconduct identified in Board Policy 3100 are to be governed by terms of the policy and the due process requirements set forth in Policy 3200. Acceptance of this policy by the students is implied as a condition of his/her enrollment. Please refer to the Conduct and Discipline; Students Policy (3100) for further details.

Due Process – Students (3200)

Definition: Due Process

An established course for judicial proceedings or other governmental activities designed to safeguard the legal rights of the individual.—American Heritage Dictionary

Affording persons or organizations “due process” basically means to conduct legal proceedings with fairness in both content and procedure. <http://lawhigheredu.com/47-due-process-substantive-and-procedural.html>

Due process is a key component to what a student’s rights are when dealing with the judicial affairs function of a higher education institution whether it be related to an academic or student conduct failure. These standards of due process layout what rights a student has when they are being processed through the campus judicial system. Even though due process is a key piece of the judicial process, it is often not understood by the student that is alleged to have violated their contractual obligations to the college. Since these due process procedures are less than what is required by criminal courts, they are often misunderstood by the student. For student conduct cases, there is a process that allows the accused student to make their case before being sanctioned by the college. (Jason T. Fishner, “Due Process in the Realm of Higher Education: Considerations for Dealing with Students Rights” Educational Administration and Policy Studies 680, University at Albany, July 31, 2006. Pg. 5. <http://files.eric.ed.gov/fulltext/ED496221.pdf>)

Please refer to the Due Process – Students Policy (3200) for further details.

Right to Due Process

It is the policy of the Board to grant procedural due process to students accused of misconduct under the terms of Board Policy 3100. Regarding allegations of academic dishonesty, grade appeals, failure to pay a financial obligation, or academic performance, achievement, probation and suspension each College will devise its own adjudication procedures. However, for allegations of misconduct identified in Policy 3100 that may result in disciplinary sanctions, due process procedures outlined in Board Policy 3200 will be followed.

Sexual Assault and Harassment Reporting Policy (3020)

Title IX is the federal law prohibiting sex discrimination in educational institutions. It is from the Higher Education Act of 1965, amended in 1972 and 1987. Title IX forbids sex discrimination in all College student services and academic programs including, but not limited to admissions, financial aid, academic advising, housing, athletics, recreational services, college residential life programs, health services, counseling and psychological services, Records Office, classroom assignments, grading and discipline. For Title IX inquiries, please contact the Title IX Coordinator at (308) 432-7020, (308) 430-0980 or TitleIXCoordinator@csc.edu.

The Board of Trustees of the Nebraska State Colleges is committed to providing an environment in which all students who participate in College programs and activities can work together in an atmosphere free from unlawful discrimination, harassment, or violence. Sexual violence and sex harassment are prohibited by law and by Board policy and the Colleges will not tolerate sexual violence or sex harassment in any form, including, but not limited to, sexual assault; stalking; dating violence; domestic violence; acquaintance, date or stranger rape; non-consensual sexual intercourse; sexual cyber harassment or sexual bullying. The Colleges will take appropriate action to prevent, correct, and discipline harassing or violent behavior that is found to violate Board policies and principles of equal opportunity and access.

This policy provides guidance for what students should do if they have been victims of sexual violence or sex harassment, and what the Colleges will do if such violence or harassment occurs. A student alleged to have committed sexual violence or sex harassment can be disciplined under the Code of Student Conduct and/or prosecuted under Nebraska criminal statutes. Additional Board Policies, Employee Handbooks and Collective Bargaining Agreements, also apply to employees alleged to have committed sexual violence or sex harassment.

The Colleges have a responsibility to respond to reports of sexual violence or sex harassment and attend to the needs of the students who are involved. Reports of sexual violence and sex harassment are taken with the utmost

seriousness, and the student will be promptly referred to the appropriate persons or resources for assistance. The Colleges are also responsible to ensure that the individual charged with committing such violence or harassment is treated fairly. Individuals are presumed innocent unless proven responsible, and will also be referred to appropriate services for assistance. Please refer to Sexual Assault and Harassment Reporting Policy (3020) for further details.

Weapons and Explosives Policy

Please refer to the Weapons and Explosives Policy for further details.

Residence Hall Policies/Guidelines

As a condition of living in the College residence halls/campus housing, it is understood and agreed upon that all property and possessions contained in a student's room in the residence halls/campus housing are subject to College searches and inspections for "health and safety" considerations as well as "institutional-purpose searches" which include monitoring and enforcement of drug, alcohol and weapons policies. Each student consents to such room searches and inspections and agrees to unlock any safe, lock box, locked cabinet, etc. for purposes of allowing College personnel to conduct such searches. Failure to unlock and provide access into a safe, lock box, locked cabinet, etc. will be grounds for the container to be confiscated and removed from the College premises.

The College reserves the right to reassign students within and between residence halls and rooms as deemed necessary, and to immediately terminate the Residence Hall Contract by written notice if the student fails to comply with any of the terms and conditions of the contract or, if in the judgment of Student Services staff, continued residence would have a seriously negative effect on the student and/or fellow residents, or if a student does not show 'active academic participation' within the College community. All other Residence Hall policies and guidelines are contained in a separate handbook. Please refer to that publication.

STUDENT RIGHTS AND RESPONSIBILITIES

Missing Student Notification Policy

Please refer to the Missing Student Notification Policy for further details.

Parking

Parking on campus is a privilege and requires online registration prior to picking up a sticker in the Business Office. Registration can be completed through a student's MyCSC Dashboard, located in "Messages". Cooperation and compliance with the established rules and regulations will help ensure convenience for everyone.

RIGHTS AND RESPONSIBILITIES, STUDENTS POLICY (3250)

Freedom of Expression

Students have the right of expression in the classroom and the responsibility to learn from the course of study according to the standards of performance established by the faculty. Student behavior in a classroom should contribute to the learning process.

Instructional and Grading Procedures

The faculty determines the character of courses which includes content and instructional and grading procedures. Students have the right to be informed at the beginning of each course of the nature of the course, course expectation, evaluation standards, and the grading system. Within 10 days of earning an

assignment grade within a course, a student has the right to receive upon request a clarification of an assignment grade earned from the instructor.

Each student has the right to a final course grade based upon an academic evaluation and upon a specified grading procedure. After final course grades have been issued, a student has the right to receive upon request a clarification of the final course grade earned. Prior to pursuing a Grade Appeal the student must communicate and discuss the clarification with the instructor. If concerns remain, the next step is with the Dean. Only after these steps may a Grade Appeal be considered. Please refer to Grade Appeals Policy for further details.

Faculty-Student Consultation

Faculty should be available on a regular basis for consultation with students. Students may ask for an evaluation of their performance during the progress of a course. If a student conveys information of a confidential nature to a member of the faculty, this confidence should be respected.

Student Evaluation of Instruction

Students can contribute significantly to the evaluation of instruction. The faculty has the obligation to solicit students' evaluations of their educational efforts and to make changes in accordance with their best judgment. To assist the faculty in the task of providing the best possible education, students should express their reactions and opinions about quality and relevancy of the instruction to the department or College involved. Each College should establish a standing procedure through which student evaluations can be expressed.

Please refer to the Rights and Responsibilities, Students Policy (3250) for further details.

STUDENT ORGANIZATIONS; CONDUCT AND DISCIPLINE (3300)

Please refer to the Student Organizations; Conduct and Discipline Policy (3300) for further details.

Student Records (3650)

Please refer to the Student Records Policy (3650) for further details.

V. STUDENT COMPLAINTS AGAINST POSTSECONDARY INSTITUTIONS

CSC encourages students to contact the college to try to resolve issues related to classroom situations or administrative actions. The faculty or staff member(s) with whom the student has a conflict should be contacted first, followed by the department or program chair or division head. It may be possible to resolve the concerns without the need for formal institutional action. If the student's complaint is not resolved through this action, he/she should contact the dean.

The following is taken directly from **Nebraska's Coordinating Commission for Postsecondary Education**.

The Coordinating Commission for Postsecondary Education is responsible for responding to formal complaints against public, independent non-profit, and most proprietary institutions of higher education that offer degrees in Nebraska. While the Commission has limited authority over colleges and universities, and cannot offer legal advice or initiate civil court cases, Commission staff will review submitted complaints and work with student complainants and institutions.

Please note that the Commission cannot, by law, review complaints related to course grades, academic sanctions, or discipline/conduct matters.

- If a student has a complaint regarding a private postsecondary career school that is overseen by the Nebraska Department of Education (NDE)-Private Postsecondary Career Schools, he/she should contact NDE at (402) 471-4825 or through this online form.
- If a student believes that a college or university has violated state or federal law, he/she may wish to contact the Office of the Nebraska Attorney General (www.ago.ne.gov/consumer_protection):
 - Office of the Attorney General
 - 2115 State Capitol
 - Lincoln, NE 68509
 - Phone: (402) 471-2682
 - Fax: (402) 471-3297
 - email: ago.consumer@nebraska.gov
 - Consumer Protection Division (toll-free): (800) 727-6432
 - Consumer Protection Division - En Espanol: (888) 850-7555
- If the student believes that an institution has acted in a discriminatory manner, he/she may wish to contact the Nebraska Equal Opportunity Commission (NEOC) (www.neoc.ne.gov) at (800) 642-6112 in Lincoln, (800) 382-7820 in Omaha, or (800) 830-8633 in Scottsbluff. The NEOC provides the following advice: Race discrimination in schools falls under Title VI of the Civil Rights Act of 1964. Sex discrimination and harassment falls under Title IX of the Education Amendments of 1972. Disability discrimination falls under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990. None of these laws are within the jurisdiction of the Nebraska Equal Opportunity Commission. They are federal laws and are enforced by the U.S. Department of Education (www.ed.gov):
 - Office for Civil Rights
 - Kansas City Office
 - U.S. Department of Education
 - 8930 Ward Parkway, Suite 2037
 - Phone: (816) 268-0550
- Furthermore, after filing a complaint with the Attorney General's Office, NEOC, or the Coordinating Commission for Postsecondary Education, the student may still hire a private attorney and adjudicate the complaint through the court system.

Within two years of the incident about which the student is complaining, he/she should contact the Coordinating Commission for Postsecondary Education using our complaint form. **Please note that the Commission cannot, by law, review complaints related to course grades, academic sanctions, or discipline/conduct matters.** Please follow the steps outlined below to submit a complaint:

STEP 1

If a student has concerns related to classroom situations or administrative actions, he/she should contact the faculty or staff member(s) with whom he/she has a conflict. It may be possible to resolve the concerns without the need for formal institutional action. If the student's complaint is not resolved through this action, he/she should contact the department or program chair or division head or dean. If the student's complaint is not resolved satisfactorily, or if the complaint cannot be resolved by contacting the faculty/ staff member(s) or chair/dean, the student should proceed to STEP 2.

STEP 2

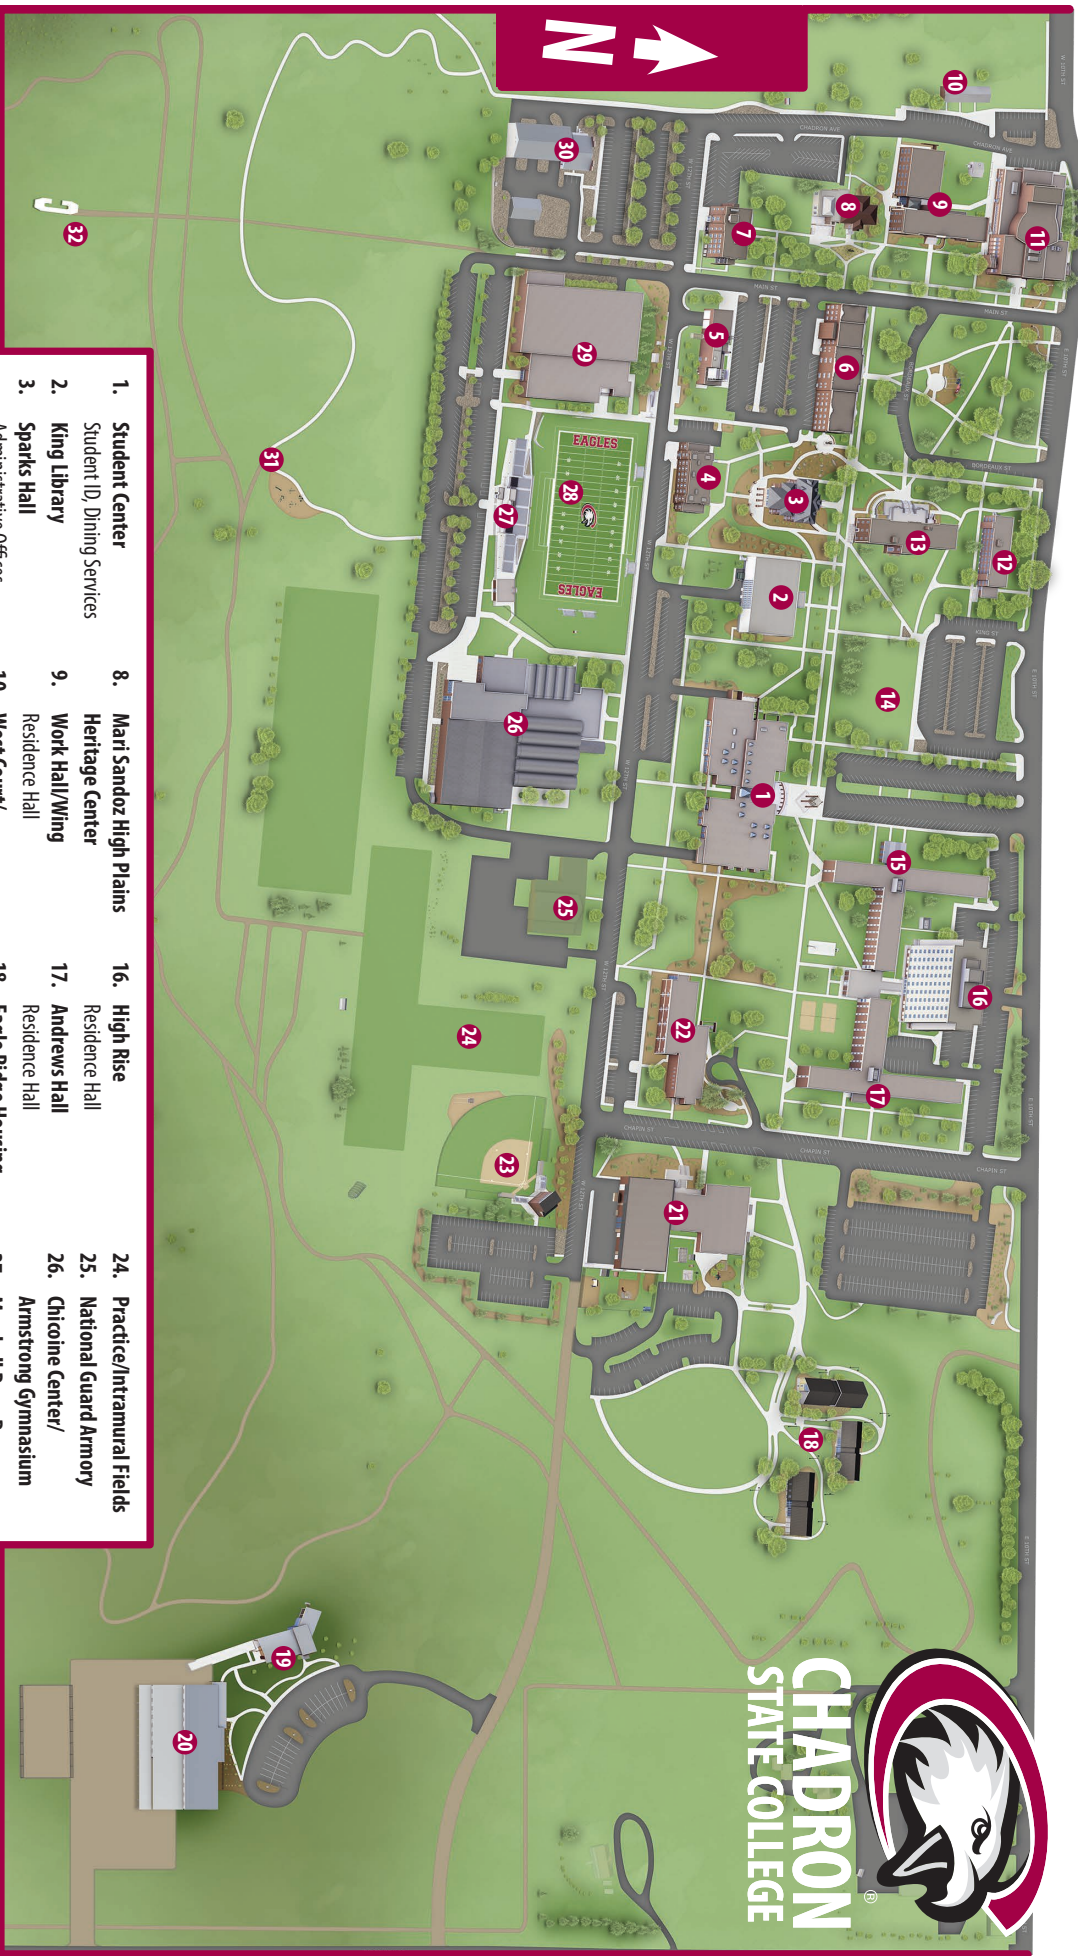

The student should file a complaint through his/her institution of higher education's established complaint process. Information on the process can usually be found in the institution's academic catalog, student handbook, or website. This might also be called a grievance process. If the student is unable to resolve the complaint in this manner, he/she should proceed to STEP 3.

STEP 3

The student must complete the Commission's Student Complaint Form. After receiving a complaint through our complaint form, Commission staff will review the submitted materials and contact the submitter for any required additional information or clarifications. The Commission will then send a copy of the complaint to the institution against which the complaint has been filed and ask for a response within three weeks. After receiving the college or university's response, Commission staff will determine whether the institution's student complaint process has been followed and exhausted and what additional steps or follow-up may be taken. The Commission will inform both parties involved in the complaint.

If the student has additional questions about the complaint process, or wants to clarify that the individual complaint is reviewable by the Commission, please feel free to contact the office at (402) 471-2847.
