Meal Exchanges

All food plans are “block” plans, which allow students the flexibility to utilize meals at their discretion throughout the semester. A “meal exchange” is a designated combination of items at the Eagle Market, Eagle To-Go, and concessions. Meal exchanges are limited to five (5) per week and reset each Monday morning at midnight. Food plan holders may use up to two (2) meals or “meal exchanges” per meal period regardless of location. Meal exchanges may not be used for guests or

other students. Once a student's five (5) meal exchanges have been exhausted in a given week, they may utilize Eagle Bucks, cash, or card at retail locations or continue to utilize meals at the Dining Room.

Meals To-Go

If an individual's academic, co-curricular, or work commitments conflict with meal hours, they may arrange for a meal to go in place of a meal(s) the individual cannot attend within the dining room. Please contact the Dining Services Manager at (308) 432-6734 or cscdining@csd.edu to make arrangements. To-go meals are intended to be consumed outside of the Dining Room. Once a to-go meal is purchased, returning to the stations for additional food beyond the to-go box is not permitted without utilizing another meal, Eagle Bucks, or otherwise paying for the additional meal.

If a student is sick and lives on-campus, the student may contact on-duty Housing and Residence Life staff to arrange a to-go box delivered to their room. Students should contact their building on-duty staff or the Housing Office at cschousing@csd.edu or (308) 432-6466.

Special Diets

CSC and Fresh Ideas understand the need for a variety of nutritious food options. The Dining Room offers a full salad and deli bar during lunch and dinner. Vegan, vegetarian, and gluten free options can be prepared upon request. Nutritional information is posted for each item served.

Students prescribed a restricted or special diet by a medical provider are encouraged to contact the Dining Services Manager to discuss specific needs. Please contact the Dining Services Manager at (308) 432-6734 or cscdining@csd.edu to make arrangements. Food plan exemptions must be requested through CSC Disability Services and require medical documentation.

Conduct in Dining Services Areas

Students must present and/or scan their EagleCard to gain access to the Dining Room. All food plans are non-transferable; a student may not use another student's EagleCard to utilize a food plan. Students may use up to two meals or meal transfers per designated meal period (designated windows for breakfast, lunch, dinner, and snack noted above). Individuals with a food plan may utilize Eagle Bucks to purchase a meal, snacks, or drinks for friends and guests.

Acts including, but not limited to, throwing of food or destruction of property are prohibited. Individuals entering Dining Services spaces must wear shoes and a shirt. Personal beverage and food containers are prohibited within all locations. Individuals should adhere to designated entrances and exits. Misconduct, theft, or unauthorized entry in any Dining Services areas may be subject to disciplinary actions by the College or may be referred to law enforcement as appropriate. All signage and advertising must be approved by the Student Center Building Manager.

Patrons may leave the Dining Room with pre-arranged to-go meals. Individuals dining within the Dining Room may leave with up to two cookies/desserts, or one piece of fruit, or one ice cream cone/item or disposable bowl.

Food Committee

The Food Committee consists of faculty, staff, and students and meets as needed during the academic year. The meetings include discussions of menu preferences, planning special events, as well as general discussion and feedback. Students are encouraged to provide input to the Student Activities Coordinator for those meetings; the goal is to make Dining Services the best it can be for the campus community.

Disability Services

King Library Learning Commons

Phone: (308) 432-6467

In accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 and amendments, Chadron State College is committed to providing learning and other opportunities for all students so they may achieve their academic goals. Through the [Disability Services office](#), the College seeks to ensure equal access to the education, programs, and services of the College for all students. Reasonable accommodations may be provided to enable students with disabilities to learn, to receive information, to demonstrate learned information, and to benefit from the programs and services of the College.

Students requesting reasonable accommodations must submit to the Disability Services office (King Library Learning Commons, Office 201) documentation from a qualified professional that verifies the student's disability. To support the student's request for accommodations, documentation must include: 1) a clear statement of diagnosis, 2) a description of the effect of the disability on the student's academic (or other) performance, and 3) recommended accommodations. The College reserves the right to have the student's documentation reviewed by appropriate professionals and to request additional documentation or evaluation in order to verify the student's need for reasonable accommodations.

The accommodation process is interactive and requires the student's full participation. When the student's disability is adequately documented, the Disability Services office will prepare official memos about the student's need for reasonable accommodations and give them to the student. The student will then deliver the memos to their professors or other College officials and discuss with them how best to implement the accommodations.

Specialized Software for Individuals with Text-Related Disabilities

A computer system is available on the first floor of the King Library Learning Commons for use by students with text-related disabilities or difficulties. Software includes Kurzweil 3000, which allows students to create audio files of printed material.

Chadron State College does not discriminate on the basis of a disability. Students are encouraged to visit with the College's disability compliance coordinator should the need arise. ([Equal Employment Opportunity Policy](#)) or contact:

Accommodations for Lactation or Breast-Feeding

CSC is committed to supporting students who are breast-feeding or expressing breast milk and will provide students with the necessary accommodations to ensure they have equal access to education while breast-feeding or expressing breast milk.

Any student may request a reasonable accommodation with respect to breast-feeding/expressing breast milk needs. CSC has designated three rooms on campus for breast-feeding/expressing breast milk

- Burkhiser 224 is available during building hours: 6:30 a.m. – 10:00 p.m. Monday through Friday
- Crites Hall 010 is available during building hours: 7:30 a.m. – 5:00 p.m. Monday through Friday
- Math Science COIL 034 is available during building hours: 6:00 a.m. – 10:00 p.m. Monday through Friday

All are clean, secure, and private rooms with:

- Comfortable seating
- Electrical outlets near chairs
- Refrigerator to store breast milk while on campus

Each individual is responsible for proper storage of milk using the refrigerator provided or a personal storage cooler. When storing milk in the refrigerator, mothers should label all milk with their name and the date it was collected, so it will not be inadvertently confused with another person's milk. Milk must be removed from the refrigerator before leaving campus each day. Each individual utilizing Burkhiser 224, Crites Hall 010, or Math Science COIL 034 must bring all supplies needed (e.g., breast pump, storage bags, cleaning supplies).

Requests for room scheduling and/or accommodations should be directed to the Disability Services Coordinator (308-432-6467).

Drone Use

The use of drones on campus can present significant risks to both people and property. The safety of students, faculty, staff and the general public is our priority. Drones may not be operated on campus

for any purpose without prior written approval. Any student wishing to operate a drone on campus must first contact the office of the Dean of Student Affairs at studentaffairs@csc.edu and Vice President for Administration & Finance at kgaswick@csc.edu. The operation of drones near residence halls or other areas of campus in which people may have a reasonable expectation of privacy is not permitted. The unauthorized use of drones on campus is a code of conduct violation that may result in disciplinary action. If you see a drone being used on campus, please contact Campus Security at (308) 432-6037.

EagleCard – Identification (ID) Card

[IT Help Desk](#) – King Library Learning Commons

Phone: (308) 432-6311

The student identification card (EagleCard) is issued to each student upon enrollment for classes. The EagleCard is intended for use during a student's entire CSC college career. In the event of a lost, damaged, or stolen EagleCard, a duplicate may be issued for a \$25 replacement fee (paid in the Business Office).

CSC strives to make life on campus safe and convenient for students. The EagleCard is required to access residence halls, food service options, printers, the NPAC, designated campus activities, and library material checkout.

Students may not scan, present, or otherwise use another student's EagleCard for any reason. For additional information, please refer to: www.csc.edu/technology/eaglecard.

Emergencies

Student Attempted Suicide Procedure

Attempted Suicide – If a student is discovered with a self-inflicted wound, drug overdose, or ingestion of a potentially lethal substance.

- One person contacts emergency services and stays on the phone until emergency personnel arrives and/or emergency services ends the call.
- One person remains with the student to provide updates to the person in contact with emergency services.
- Individuals may administer First Aid, CPR, etc. if they choose to do so or are asked to do so from emergency services.

Point of Contact: 911 or Emergency Personnel

On-campus Incident Immediate Response:

- Call 911 or 9-911 (from a campus phone).
- One person contacts emergency services and stays on the phone until emergency personnel arrives and/or emergency services ends the call.

- One person remains with the student to provide updates to the person in contact with emergency services.
- Individuals may administer First Aid, CPR, etc. if they choose to do so or are asked to do so from emergency services.

Point of Contact: Housing Professional Staff, Dean of Student Affairs, or Campus Security.

Secondary Response:

- If the attempt takes place in a residence hall, contact the nearest on-duty Housing and Residence Life professional staff member. On-duty phone numbers are posted at each main entrance of the building, as well as the front desk of each residence hall. If calling from a cell phone, call the number directly. If calling from a campus phone dial “9” followed by the phone number.
- If the attempt takes place outside a residence hall, contact Campus Security by dialing “9” extension (6037) from a campus phone or (308) 432-6037 from a cell phone. Campus Security can also be contacted by dialing the CSC Safety Escort number at (308) 360-1887. If calling from a campus phone dial “9” followed by the phone number.

Follow Up Measures to Off-campus or On-campus Incidents:

- Appropriate CSC personnel (Campus Security, Dean of Student Affairs, or Housing and Residence Life professional staff member) will contact the on-call Licensed Student Counselor who will work with emergency personnel as appropriate to assess the student situation utilizing the Columbia-Suicide Severity Rating Scale (C-SSRS) and their professional judgement. The Licensed Student Counselor will inform the Dean of Student Affairs and/or their supervisor the course of action with the student.
- College staff may be present at the hospital to support the student and keep the College informed of developments as appropriate. The Dean of Student Affairs or designee may contact the student’s emergency contact. The student will remain in the hospital until hospital staff or Chadron Police Department determine an appropriate release time and treatment plan.

- Internal Coordination Meeting: A coordinating meeting may be scheduled as needed. This meeting may include a Licensed Student Counselor, Dean of Student Affairs, Housing Professional Staff, and/or members of the CARE team. The objective of the meeting is to review information from the incident and establish a plan of action/response for the student and the campus community.

Follow-Up Responsibilities – Students and CSC Staff

- A Safety Plan will be completed and signed with copies distributed to the student, Licensed Student Counselors, and any community health professional directly involved.
- The student seeks counseling/therapy if advised by the Licensed Student Counselor.
- The student signs Release of Information (ROI) allowing communication and/or records between individuals listed on the ROI.

Please note: In the event of a suicide, refer to Chadron State College’s Emergency Action Plan.

Campus Emergency Alert System

To receive text messages, students should do the following:

- Sign into [MyCSC](#)
- Navigate to “User Options” in the top right under student name and NUID number display
- Select ‘View Profile’
- Manage phone number and emergency contact information

Contacting Campus Security

The Security Office is located in the Physical Facilities building in the southwest corner of campus. If students need assistance, security can be contacted at this address or by calling (308) 432-6037 or (308) 360-1887.

If students need additional assistance with reporting a crime, students may call the Chadron Police Department at (308) 432-0510.

In cases of emergency call 911 or 9-911 (from on-campus phones).

Fire

The first person to observe a fire in a campus building must activate the building fire alarm through the nearest box and call 9-911 from campus phone or 911 from cell. Do not try to put it out. Leave the building using the nearest evacuation route. Buildings are to be reentered only after the appropriate campus officials have indicated there is no longer an emergency. Reporting a false alarm or tampering with alarm equipment, in addition to being a state violation, is interpreted as endangering the lives of others and may result in suspension from the college and/or civil court action.

[i love u guys](#) emergency response

Chadron State College utilizes the [i love u guys](#) Standard Response Protocol (SRP). A uniform, planned, and practiced response to any incident is the foundation of a safe school. Safe business. Safe community. The SRP is action-based, flexible, and easy to learn. It rationally organizes tactics for response to weather events, fires, accidents, intruders and other threats to personal safety. The SRP uses standard communication terms with associated directives:

Hold

“Hold” is followed by the directive: “In Your Room or Area” and is the protocol used when hallways need to be kept clear of occupants. Campus occupants should find the nearest room or space to keep main pathways clear.

Secure

“Secure” is followed by the directive: “Get Inside. Lock outside doors.” And is the protocol used to safeguard people within the building. Secure is also known as “lock out”. Secure is the protocol used if a threat exists close to campus or on campus. This threat could include a dangerous animal, a dangerous or “wanted” person(s) known to be in the area, and/or an active event in the area potentially impacting CSC. When an announcement occurs, all building exterior doors are to be

locked. No one is allowed in during a secure situation, and individuals are advised to stay within the building they are currently in. Building activities can continue as normal while waiting for an “all-clear” announcement.

Lockdown

“Lockdown” is followed by “Locks, lights, out of sight” and is the protocol used to secure individual rooms and keep occupants quiet and in place. This is the announcement when a threat is entering or has already entered campus or a campus building. Upon this announcement, everyone is to secure themselves in a safe room in the building they are currently residing. Lock the room door, secure the door by any means necessary, and barricade the door with items in the room. Occupants should be prepared to defend themselves. Look for possible weapons. For those who can safely exit the building or campus, do so.

Evacuate

“Evacuate” may be followed by a location and is used to move people from one location to a different location in or out of the building. There will be an announcement for events including but not limited to fire, gas leak, or bomb threat, requiring all occupants to leave a building or campus quickly and safely. Do not touch or pick up anything.

Shelter

“Shelter” may be followed by the safety strategy recommendation for group and self-protection. Shelter will be communicated during events such as a tornado warning or other emergencies which necessitate cover.

Severe Weather Cancellation

Please check the [Chadron State College](#) website for news regarding weather delays and cancellations. Students will receive emails regarding campus closure information, and will receive text messages from the campus emergency alert system. The campus community can also tune into a local radio station for information in the event of severe weather:

KCSR - AM 610, Chadron, NE

KQSK - FM 97.5, Chadron, NE

Tornado Information

Tornado watches and warnings are issued by the National Weather Service when the possibility of a tornado exists. Watches are generally used for wide areas exposed to a rapidly developing threat. The time period covered will normally be several hours. Not every watch will result in severe thunderstorms or a tornado, but one may result in some part of the watch area. *During a tornado watch*, students should be aware of changing weather conditions and should be prepared to move to a safe place. *Tornado warnings* are issued for much smaller areas and for shorter periods of time than watches.

When a warning is issued, seek shelter or move to a safe area immediately.

If indoors....

Move immediately from a classroom, work area, or residence room to an interior place of greater safety, closing doors as traveling to the most-interior place.

- Seek shelter in areas designated in all buildings or the lowest level of the building.
- In multi-story buildings or residence halls, move to the basement or interior hallway on lower floors. Upper stories of buildings are unsafe.
- Close draperies and move away from exterior windows or glass.
- In classrooms or work areas move to the basement, interior hallways, stairwells, or other areas which are directly supported and are free from exterior windows and glass.
- Stay close to the floor, cover head with a jacket, blanket, pillow, etc., and shield body from flying debris by staying under heavy furniture.
- If time permits move to a shelter, take a flashlight and a battery powered transistor radio to receive accurate information.
- Avoid: a) top floors of buildings, b) elevators (power may fail), c) food service areas and d) auditoriums, gymnasiums or other places with wide, free span roofs.

If you are outdoors....

- Seek indoor shelter if possible (Parked motor vehicles are unsafe.)
- If you cannot get indoors, lie flat in a ditch or low spot.
- If you are on flat ground and caught in the path of a tornado, always move at right angles from the path of the storm.

Remain in a place of shelter until the clear signal sounds or until the tornadic weather has passed. For more information on tornado safety contact the Region 23 Emergency Management Agency at (308) 432-2251.

Parking

Parking on campus is a privilege and requires online registration at least one full business day prior to receiving a parking permit in the [Business Office](#) located in [Crites Hall](#). Registration can be completed through a student's [MyCSC Dashboard](#), via a link located in "Messages." Cooperation and compliance with the established rules and regulations will help ensure convenience for everyone.

Personal Emergency & Academic Attendance

In the event that a personal emergency (such as hospitalization, accident, death of an immediate family member, family crisis) requires an absence from courses or causes the inability to participate in class, students must contact their instructors as soon as possible. Instructors may request documentation to validate absences.

If the emergency should cause the inability to participate in courses for three or more consecutive days, students may complete [this form](#) to contact the Dean of Student Affairs for assistance. Family, friends, or care providers may submit [this form](#) to contact the Dean of Student Affairs on behalf of the student. Personal emergency situations may include an accident, family crisis, hospitalization, loss of a loved one, or mental health crisis. Vacations, weddings, or pre-arranged trips do not constitute a personal emergency. If your absence pertains to Military Service or Jury Duty, please complete the appropriate form above and see [Board Policy 6023](#) regarding refunds. Personal emergency notifications are for the instructor's information only and do not relieve the student from contacting instructors as soon as possible nor do they provide an "excused absence." The authority to excuse absences rests solely with the course instructor.

In the event of extended nonparticipation of two or more weeks, it may be possible for students to work with their instructors to complete coursework at a later date. If the extended absence is near the end of the current term, students are encouraged to talk with their instructors about the [Incomplete process](#). Nonparticipation during finals week is handled at the discretion of the individual course instructor, but generally not allowed to be made up. This process is ideal for students who have completed a minimum of 75% of the coursework already. If the instructor agrees, the student and the instructor will agree upon an appropriate timeline for the course to be completed. The instructor will file the necessary paperwork to be approved by the student's academic Dean. If a student is no longer able to complete the course and an Incomplete is not a viable option, the student may be encouraged to withdraw from their course(s).

If a student's nonparticipation pertains to specific academic accommodations, students will be strongly encouraged to request assistance from the Disability Services office in the Library Learning Commons. Student athletes who are injured and need accommodations due to their injury/injuries are assessed by CSC Athletic Training staff with any needed assistance from area medical professionals. The Athletic Training staff will communicate the accommodation needs to the student's instructors, or if appropriate, to the Dean of Student Affairs or Disability Services office.

- The following is taken directly from [Nebraska's Coordinating Commission for Postsecondary Education](#).
- The Coordinating Commission for Postsecondary Education is responsible for responding to formal complaints against public, independent non-profit, and most proprietary institutions of higher education that offer degrees in Nebraska. While the Commission has limited authority over colleges and universities, and cannot offer legal advice or initiate civil court cases, Commission staff will review submitted complaints and work with student complainants and institutions. Please note that the Commission cannot, by law, review complaints related to course grades, academic sanctions, or discipline/conduct matters.
- If a student has a complaint regarding a private postsecondary career school that is overseen by the Nebraska Department of Education (NDE)-Private Postsecondary Career Schools, they should contact NDE at (402) 471-4825 or through this online [form](#).

- If a student believes that a college or university has violated state or federal law, he/she may wish to contact the Office of the Nebraska Attorney General (www.ago.ne.gov/consumer_protection):

Disability discrimination falls under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990.  - STEP 2
 - The student should file a complaint through his/her institution of higher education's established complaint process. Information on the process can usually be found in the institution's academic catalog, student handbook, or website. This might also be called a grievance process. If the student is unable to resolve the complaint in this manner, he/she should proceed to STEP 3.

- STEP 3

- The student must complete the Commission's Student Complaint Form. Air Units

To ensure proper functioning of the air units, all furniture, and other objects must be kept away from vents to allow for unobstructed airflow. Any malfunction or unsanitary air conditions with your unit should be reported to the Housing and Residence Life staff or Physical Facilities staff immediately.

Air Conditioning

System constraints require a distinct switch from air conditioning to heat, usually during the fall, and heat to air conditioning, usually during the spring. Therefore, only heat or air conditioning are available at a single point in time. The switch is based on weather forecasts and collaboration between Housing and Residence Life and Maintenance staff to maximize student comfort. Heating is prioritized over air conditioning. Eagle Ridge is independent of this system with climate control year-round.

Common Areas and Lobbies

CSC Staff are responsible for lobby, hallway, stairwell, as well as public and community restroom cleaning; please be considerate. Students should put trash in the appropriate receptacles in each residence hall. Cardboard containers, such as pizza or package boxes, should be taken directly to exterior waste containers.

Room Furnishings

Each residence hall offers a unique configuration of drawers and closet space. Please view the [Residence Life webpage](#) for specific configurations in each hall.

A majority of rooms are furnished with twin extra-long (XL) beds, which measure 38" x 80". Some rooms in Andrews Hall have traditional twin beds, which measure 36" x 75". Twin XL beds are available upon request.

Each student is provided with a standard set of furniture, including a bed, study chair, and desk. In an effort to reduce wear and tear on College property, students are encouraged to keep the provided furniture in their room, even if the room changes from a double to a single occupancy. College furniture must remain in a student's assigned room unless otherwise permitted by Residence Life

staff. Common area furniture and equipment, such as lobby furniture, must remain in its designated location and may not be taken into student rooms, suites, or off campus.

Study Spaces

Each residence hall has a designated study lounge, providing residents with a quiet alternative to studying in their rooms. Study lounges include computer labs, which are intended for quiet study and prohibit disruptive behavior. Residents are also encouraged to utilize the Library and other academic facilities for studying.

Telephone Service

Telephone services are not provided in the residence halls. Front desk phones may be utilized in the event of an emergency. Campus telephones require dialing “9” for off campus numbers, followed by “1” for long-distance calls.

Vending Service

Pepsi beverage and snack vending machines are located throughout the residence halls. Students are encouraged to report vending machine issues to Housing and Residence Life staff.

Mail Services

Mail is delivered regularly by the United States Postal Service to each residence and is sorted by Residence Life staff prior to being placed in provided mailboxes. A student’s mailbox is numbered and may be opened with a room or mailbox key (depending on the building). To avoid delays in mail handling and delivery, it is important that mail be addressed in the following format:

On-Campus Housing: Systems and Regulations

Academic Participation and Class Withdrawal

The primary purpose of Residence Life is to support the academic mission of Chadron State College and to facilitate a healthy living and learning environment. Students are encouraged to seek assistance with class-related problems and may expect Housing and Residence Life staff to approach them about academic progress or concerns. CSC Housing and Residence Life staff care about student success and hope to assist students throughout their academic career. Students are expected to be actively engaged and attending classes. Should students demonstrate little or no active participation in the majority of their classes, the student may be asked to vacate the residence hall.

Withdrawal from CSC classes does not automatically violate the [Terms and Conditions](#), but the student must be enrolled in classes to remain eligible for on-campus housing. If a student withdraws from all classes, they are required to meet with Housing and Residence Life staff to complete check-out procedures. Any refunds or penalties will be processed in accordance with Board Policy 6503.

Attending Floor Meetings

Floor meetings typically occur twice a semester, with additional meetings scheduled as necessary. Attendance at all scheduled meetings is required, and failure to attend may result in a violation for noncompliance. If a student cannot attend a scheduled floor meeting, they must notify their Resident Advisor (RA) in advance. Students are responsible for familiarizing themselves with the Residence Life Handbook and Student Handbook, and adhering to the guidelines and policies outlined within.

Additionally, general meetings for all campus residents may be scheduled, and residents will be notified of meeting details through posted notices and/or other communication channels.

Break Housing

The residence halls serve as a temporary and limited housing option to support students during their academic pursuits and are not considered permanent long-term housing. Accommodations may be made, to the extent possible, to house students over holidays and semester breaks who have no other auxiliary housing available.

Students who wish to remain in on-campus housing over breaks may be eligible for residence hall accommodations during these periods. Please note that a housing cost may be charged for these arrangements. This cost will vary depending on the break period and the type of accommodation. Students interested in staying on campus over breaks should contact the Housing Office directly at housing@csc.edu or (308) 432-6466.

Check-In and Check-Out Procedure

Early check-in and late check-out are discouraged. Students will receive notification of their designated check-in and check-out dates and times via their EagleMail. Requests for early check-in or late check-out must be submitted in writing to housing@csc.edu at least two weeks in advance. Additional charges will apply for early check-in or late check-out, billed at summer weekly rates. These charges may also apply if you store property in your room/suite, preventing CSC Staff from accessing or cleaning the space.

Each student is given a room inventory card to note the condition of the room upon check-in. Then, upon check-out, a Housing and Residence Life staff member will use the same room inventory card to determine if any damage was sustained, normal wear and tear will be considered. Each student is individually responsible for furniture, equipment, and the general condition of their room. Basic room cleaning is the responsibility of the resident prior to checking out of any room. Failure to leave the room in the same general condition as when it was first occupied will result in the assessment of a damage or cleaning charge. When checking out of the residence hall, students should adhere to the following procedure:

- Give sufficient notice to Housing and Residence Life staff so they may be present when checking out.
- Remove all possessions.
- Clean the room thoroughly (Sweeping, wiping of surfaces, etc.).
- Be present upon inspection by Residence Life staff.

- Turn in room key to the Residence Life staff member.
- Sign the room inventory card and update forwarding address for mail and packages.
- Complete a housing cancellation form within the Housing Portal or email housing@csc.edu if not intending to return to on-campus housing the following semester (including graduates and those transferring).

Damages

Residents are responsible for any damages to their room or shared suite resulting from negligence. Dart boards and darts are prohibited in all residence halls and student rooms. Substances including but not limited to wax, grease, and food can cause plumbing issues and must not be disposed of down any sink, toilet, shower, or drain. If damage occurs in a common area, all residents of that area may be charged equally for the damages, unless individual responsibility is determined. Students may choose to share the cost of damages voluntarily.

The College strictly prohibits any room furnishings from being removed from any residence hall rooms without permission from Housing and Residence Life staff. Removing college property from designated areas or being in possession of college property in unauthorized areas is prohibited and may result in a conduct violation and damage charges to the student. Common area or lobby furniture and equipment must remain in its designated location and may not be taken into student rooms/suites or off campus.

Financial Standing

Students must remain in good financial standing in order to remain in campus housing. Payments may be made with cash or check at the Business Office in Crites Hall. Credit card payments must be made through a student's MyCSC account. All students are eligible to sign up for a semester payment plan. Students are encouraged to enroll in direct deposit through their MyCSC account in order to receive any refunds promptly. For additional information please see the [Billing and Payment information](#) page.

If student account payments are not satisfactory according to the deadlines communicated by the Business Office, Housing and Residence Life staff may contact a student through a variety of means including in-person visits, calling, emailing, or mailing.

Failure to remain in good financial standing with the College will result in action by the College, which may include the cancellation of class registrations, suspension of food plan, and/or being asked to vacate the residence halls.

Housing Portal

The Housing Portal can be accessed through the student's MyCSC account. Students can log in to the portal using their EagleMail address and password. Through the Housing Portal students can reserve housing for specific academic terms, submit room change requests, modify food plans, and request housing cancellation.

Independent Living Policy

An independent living student is a student who meets at least one of the following criteria:

1. Student has met the 2-year (4 semester) residency requirement.
2. Student is living locally with parent(s) or permanent legal guardian(s) at a permanent residence within sixty (60) driving miles of the Chadron State College campus. This requires that the parent(s) or legal guardian(s) live at the residence; ownership of property or living with another family member does not qualify for exemption.
3. Student is married (documentation may be requested).
4. Student has dependent minor(s) (documentation may be requested).
5. Student is enrolled in exclusively online courses in the current semester.
6. Student is 20 years of age or older as of the first class day of the semester.
7. Student is enrolled in less than 12 credit hours in the current semester.

Independent Living Request Process

Students who meet one or more of the above criteria prior by the first day of classes for fall or spring may complete the Independent Living Application form in the Housing Portal. All requests must be submitted through the designated form process by August 15 (Fall Semester) or December 15 (Spring Semester). The decision will be communicated to the student's EagleMail account. Students found in violation of this policy will be charged room and board and may be issued sanctions.

Late Independent Living Requests

The CSC Housing Office may approve a request after the deadline based on supported conditions. Any approval will be subject to appropriate College related fees.

Special Notes

New students who have applied for admittance to CSC after August 15 or December 15 (when applicable) must submit an Independent Living Application form by the first day of classes or will be subject to cancellation fees as listed in the Residence Hall Terms and Conditions.

Students who do not meet the above criteria are required to live on campus and have a food plan. Additionally, if a student's residency situation changes, the student must notify the Housing Office or they may be subject to meet the on-campus residency requirement and pay all associated charges.

Independent living eligibility will be reviewed each semester by the Housing Office. Please contact the CSC Housing Office at (308) 432-6466 or email housing@csc.edu with questions. Decisions reached by the Dean- Student Affairs regarding Independent Living Requests are considered final.

Food Plans

Students residing on campus are required to select a food plan and be responsible for the associated cost. Food plans are student owned and are not transferable. Students with a food plan may utilize

Eagle Bucks at their discretion. Food plans may be decreased during the first two (2) weeks of each semester and increased any time at a prorated cost. Additional Eagle Bucks may be added in \$25.00 increments at any time by contacting the CSC Business Office. Food plan refunds and penalties will be assessed in accordance with Board Policy 6503. Dining Services hours and locations may be adjusted or limited during emergency circumstances, including but not limited to power outages and significant weather events.

Acts including, but not limited to, throwing of food or destruction of property are prohibited. Individuals entering food service areas must wear shoes and a shirt. Personal beverage and food containers are prohibited within the Dining Hall. Individuals should adhere to designated entrances and exits. Misconduct or theft in any food service areas may be subject to disciplinary actions by the College or may be referred to law enforcement as appropriate.

Parking and Vehicle Regulations

Students may register for parking by accessing their MyCSC account. All licensed and non-licensed (UTV, ATV & scooters) vehicles operated by students, faculty, and staff must have a valid parking permit, properly displayed, to park on the Chadron State College campus. The parking sticker must be attached to the outside, lower right (passenger side) corner of the back window while parked on the CSC campus and must be clearly visible. Parking stickers for UTV, ATV, scooters and motorcycles must be prominently displayed on the front of the vehicle. Parking stickers are available in the Business Office in Crites Hall. The person to whom the parking permit is issued is responsible for all parking violations.

Residents may request a guest parking permit (no charge) for their visitors from the Parking and Safety Office, Sparks Hall Room 113. Please contact the Parking and Safety Office during business hours at (308) 432-6490.

Chadron State College does not guarantee parking space in a specific area and cannot assume responsibility for the care or protection of any vehicle or its contents while operated or parked on campus. Parking must be in designated parking stalls only. For more information, please contact the Parking Office or Campus Security.

Residence Hall Room Reservations

A student must be at least seventeen (17) years of age to reside in College residence halls or housing per NSCS Board Policy 3500. The Housing Office will work with students under age 17 at the time of application to assist with housing plans based on eligibility.

Once a prospective student is ready to register, the housing reservation will appear on the “To-Do” list within the MyCSC Dashboard. Rooms are assigned by Housing Office Staff or selected in the Housing Portal. Each student’s preference for roommate, residence hall, and room type are considered in the assignment but is not guaranteed. If students are not assigned their first choice, they will be given the opportunity to change when space becomes available.

Student room reservations will be held until 12:00 noon (MST) on the first day of classes. At that time, rooms reserved for students who have not checked in will be re-assigned. The room will be held if the student has notified the Housing Office that he/she will be arriving late. Chadron State College reserves the right to make all housing assignments according to what appears to be in the best interest of the student and the College. Returning students will select their room placement for future academic terms during the designated room renewal and selection period, which takes place during the spring semester. Specific information regarding room renewal and selection will be communicated in advance.

Room Reservation Processing Fee

A one-time, nonrefundable **\$50.00 processing fee** must accompany the Residence Hall Room Reservation form. A room may not be assigned until the processing fee is received. Students who move off campus and later return to campus housing will be responsible for this fee again.

Room Cancellation

CSC may cancel any agreement and take possession of any room for violation of the Terms and Conditions, non-payment policy, violation of the 2024-2025 CSC Student Handbook, 2024-2025 CSC Residence Life Handbook, or Nebraska State College Board of Trustees policies. CSC reserves the right to immediately terminate this contract by written notice if in the judgement of Student Affairs staff, continued residence would have a seriously negative effect on the student and/or fellow residents, or if a student does not show active academic participation within the CSC community.

Refund and Cancellation Fee Schedule

A Residence Hall Contract, reservation, or paid application may be cancelled via a student's housing Portal or email to housing@csc.edu. Refunds and penalties are assessed in accordance with [Board Policy 6503](#).

Student Breaks Housing Contract

Students that are required to fulfill the College's live-on requirement cannot break their housing contract or their food contract other than by a student or administrative withdrawal. For students that are not required to live on campus and break their housing contract, but still attend school, housing is prorated, through 60% of term plus student may pay a penalty, after the 60% point, no refunds and no penalty.

Student Breaks Housing Contract Prior to Start of Academic Semester

The penalty for breaking the housing contract would be as follows:

- Fall and Spring Term: Cancel prior to June 1 – No penalty; June 1 thru June 30 - \$300 penalty; July 1 and after - \$600 penalty.
- Fall Term Only: Cancel prior to June 1 – No penalty; June 1 thru June 30 - \$150 penalty, July 1 and after - \$300 penalty.
- Spring Term Only: Cancel prior to November 1 - No penalty, November 1 thru November 30 - \$150 penalty, December 1 and after - \$300 penalty.

- Fall or Spring Term: Prorate housing charges through 60% of the academic semester based on check out date plus a \$300 penalty. After the 60% point, no penalty and no refunds.

Student Breaks Food Plan Agreement

Students that are required to fulfill the College's live-on requirement cannot break their housing contract or their food contract other than through a student or administrative withdrawal. For students that are not required to have a food plan, and choose to break their contract, the following refund policies will apply:

Student Breaks Food Plan Contract Prior to Start of Academic Semester

The student will receive a full refund with no penalty if they break their food contract prior to the start of the academic semester.

Student Breaks Food Plan Contract During the Academic Semester

Students can only make food plan changes or cancel during the first two weeks of classes for fall and spring terms with no penalty, after that no refunds, food plans can only be changed to bigger plans. Food plans are prorated using full week for first two weeks.

Extenuating Circumstances

The Colleges retain discretion on how to handle refunds for tuition and fees, housing and food plans for student emergencies and other extenuating circumstances upon approval of the appropriate offices. The refund would not be less than is provided to other students when considering the timeframe.

Room Consolidation or Roommate/Suitemate Leaves

Housing and Residence Life staff reserve the right to consolidate students together and reassign students as necessary to optimize the utilization of rooms on campus.

If a vacancy occurs in a room due to a roommate not reporting to on campus housing, a roommate moving out, or the withdrawal of a roommate or suitemate, the remaining resident has the following options:

1. Self-identify another student to be a new roommate or suitemate and communicate this request to Housing and Residence Life staff.
2. Allow Housing and Residence Life staff to assign a new resident as a roommate or suitemate, or agree to move to another room that has vacancy within the suite.
3. Buy-out the current room or suite at the designated rate if available: the additional charge will be prorated for the number of days remaining in the semester based on move date. Furniture will remain in the room/suite and will not be removed with the buy-out option.

The guidelines below are followed when students are reassigned for the purpose of consolidation:

- Housing and Residence Life staff may require students to consolidate even if it requires potentially moving to another floor or building to adhere to the procedure.
- Students will be allowed to change residence halls and/or to move to single occupancy (private) rooms at additional cost, if available, and only when approved by Housing and Residence Life staff.
- Decisions about who will move to adhere to the consolidation procedure will be determined by either mutual agreement between the students involved, seniority by number of complete semesters lived on campus, or an agreed upon tie-breaker.

Consolidation may occur at any time within the semester with corresponding notification. Prior to consolidation, resident students needing roommates are encouraged to be proactive in finding their own roommates.

Students opting to fill a double occupancy room vacancy will be assisted by Housing and Residence Life staff. In cases where reasonable effort has not been made by the remaining resident to find a roommate, move to another room, or accept an assigned roommate, the remaining resident student may be charged the single occupancy (private) room rate.

If any Residence Life staff member receives information that an attempt is being made on the part of the remaining student to discourage, refuse, or intimidate a potential or newly assigned roommate or suitemate, it may result in being charged for a single occupancy (private) room and/or disciplinary action.

Room Condition and Property

Students are responsible for maintaining a clean and tidy room. Housing and Residence Life staff may request that students address unsanitary conditions in their room. If a student suspects any type of pest infestation, contamination, or unsanitary material in their room, they must report their concerns to the Housing and Residence Life staff or Physical Facilities staff immediately or as appropriate.

Room Key

A room key will be issued when a student checks into on-campus housing. Students are advised to keep their room locked and their key with them at all times. Eagle Ridge residents will also be issued a mailbox key. If a key is lost, it should be reported immediately to Housing and Residence Life staff. Housing and Residence Life staff will have the student complete a Lost Key Form within the Housing Portal and the student will be responsible for the replacement cost of \$40 per key. Once a new key is available, the student will be issued the new key by Housing and Residence Life staff. Students may not duplicate college keys.

Room & Food Plan Change Requests

Room changes may be considered following the first two weeks of each semester and are subject to the approval of the Housing Office in conjunction with Residence Life staff. To modify your housing agreement students will use the Room Change Request form located within the Housing Portal.

Food plans can be increased or added at any time during the semester, with a prorated rate applied. However, food plans can only be decreased during the first two weeks of the semester. To modify a food plan students will use the Manage Food plan option within the housing portal.

Terms and Conditions

In compliance with the [Terms and Conditions](#) for on-campus housing, students agree to live on campus for the full academic year. Those residents who check in following the first day of fall or spring classes agree to live on campus throughout the remainder of the academic year. Summer sessions are considered a separate period. CSC Housing Terms and Conditions are legally binding. In addition, students are responsible for understanding the information regarding the residence halls, Dining Services, and campus which is included in the CSC Residence Life and Student Handbook. If a student is under age 18 by the first day of the semester, a parent or guardian must co-sign Terms and Conditions during the room reservation process within the housing Portal. If a student is under age 19 by the first day of the semester, a parent or guardian must co-sign the Assumption of Risk and Release for Campus Sponsored Activities during the room reservation process within the Housing Portal.

Visitation and Guests

Visitation hours are the times during which non-residents of that residence hall may visit the residence hall. Visitors to any residence hall must sign in and sign out using the building's visitor log, generally located at the front desk.

Sundays through Thursday

Residence halls are open to visitors from 9:00 a.m. to 12:00 midnight.

Fridays and Saturdays

Residence halls are open to visitors from 9:00 a.m. until 2:00 a.m.

Guests visiting outside designated hours are required to complete a guest card with Residence Life staff. Residents may host overnight guests but must make prior arrangements with their roommate, suitemate(s), and on-duty Residence Life staff, subject to available accommodations. Overnight guests are limited to two consecutive nights, with five consecutive days between visits.

Only CSC students are permitted to reside in college residence halls. Residents are accountable for their guests' actions and may face disciplinary action if their guest(s) violate college policies. Guests are subject to all Housing and Residence Life policies and procedures. Visitors found to be intoxicated or under the influence of any drug will not be allowed to stay in the residence halls and may be asked to leave. CSC reserves the right to require a guest to leave and/or restrict visitation. Visitation restrictions will be posted and communicated in advance whenever possible.

Follow Up Measures to Off-campus or On-campus Incidents:

- Appropriate CSC personnel (Campus Security, Dean of Student Affairs, or Housing and Residence Life professional staff member) will contact the on-call Licensed Student Counselor who will work with emergency personnel as appropriate to assess the student situation utilizing the Columbia-Suicide Severity Rating Scale (C-SSRS) and their professional judgement. The Licensed Student Counselor will inform the Dean of Student Affairs and/or their supervisor the course of action with the student.
- College staff may be present at the hospital to support the student and keep the College informed of developments as appropriate. The Dean of Student Affairs or designee may contact the student's emergency contact. The student will remain in the hospital until hospital staff or Chadron Police Department determine an appropriate release time and treatment plan.

- **Internal Coordination Meeting:** A coordinating meeting may be scheduled as needed. This meeting may include a Licensed Student Counselor, Dean of Student Affairs, Housing Professional Staff, and/or members of the CARE team. The objective of the meeting is to review information from the incident and establish a plan of action/response for the student and the campus community.

Please note: In the event of a suicide, refer to Chadron State College's Emergency Action Plan.

Campus Security

In case of emergency, please dial 911 (from non-campus phone) or 9-911 (from on-campus phone). The CSC Campus Security Office is located in the Physical Facilities building in the southwest corner of campus.

CSC Campus Security consists of one Security Supervisor and student patrol officers who are responsible for reporting unusual or suspicious on-campus activity and are trained to respond to emergencies. Contact Campus Security at (308) 432-6037. CSC Security staff provide safety escort services by calling (308) 432-1887.

Students may not prop open doors or otherwise tamper with any locking mechanisms or crash bars without authorization of CSC Staff as this may provide unauthorized access to facilities. In an effort to discourage unauthorized entry, students are encouraged to ensure the door they entered closes behind them to prevent "tailgating". Residence halls with front desk staff may also request students to present identification upon entry. Visitors of a building are required to sign in and may be asked to present identification.

Fire Procedure

Report all fires, smoke, smoldering, and burning smells immediately! In case of fire, call 911 from a cell phone or 9-911 from any campus phone and inform dispatch of the location of the fire and the apartment/room number. Notify a Residence Life staff member and all neighbors in the adjoining rooms if safe to do so. Call the CSC Boiler House at (308) 432-6226 and CSC Campus Security at (308) 432-6037.

Everyone must evacuate the building immediately upon notification of the fire alarm and assemble at the designated area. All persons must remain outside the building as long as the alarm continues to ring. No one may return until CSC Staff or on-scene fire personnel determines the facility is safe to re-enter.

Any fire or smoke must be immediately reported to Housing and Residence Life staff. Fire regulations and procedures are posted in each room. It is the student's responsibility to become familiar with the correct fire procedures.

Tampering with the fire alarm, smoke detectors, fire equipment, as well as the setting of a fire may result in disciplinary action and may be reported to State and/or Federal authorities.

Fire Sprinkler System

To ensure proper functioning of residence hall sprinkler systems, please observe the following:

- Items should not be hung or attached to the sprinkler head or piping.
- Sprinkler heads should never be obstructed or tampered with in any way.
- Frisbees, balls, and other items that can damage the sprinkler heads shall not be thrown, kicked, or otherwise launched in rooms, hallways, or common areas.

Residents who tamper with the fire sprinkler system and cause damage will be held responsible. This may include being held responsible for all damages to student and College property, removal from the residence halls, and/or possible legal action.

Medical Emergencies

In the event of a medical emergency, notify the Housing and Residence Life staff immediately. They may contact local emergency services, such as 911, if necessary. The student and/or their family will be responsible for any costs incurred for emergency transportation, hospital services, and other medical assistance.

Missing Student Policy and Procedure

- A student shall be deemed missing when he or she is absent from CSC for more than 24 hours without any known reason.
- All reports of missing students shall be directed to the Dean of Students Affairs, the Director of Housing and Residence Life, and Campus Security who shall investigate each report and decide whether the student is missing in accordance with this policy.
- Students will be given the opportunity during each semester registration process to designate an individual or individuals to be contacted by CSC no more than 24 hours after the time that the student is determined to be missing. Unless otherwise specified by the student in their MyCSC account, the College will consider the parent/guardian or other primary emergency contact provided to the College by the student to be the person to be contacted in the event the student is determined to be missing. The student should notify the Emergency Contact that he or she has been designated as an Emergency Contact. A designation will remain in effect until changed or revoked by the student.
- At any point during a student's enrollment, he or she may choose to register or change Emergency Contact information with CSC by logging into their MyCSC account. Students should also update their emergency white medical card with Residence Life staff. This information is confidential but may be released to CSC Campus Security and the Chadron Police Department staff as necessary to carry out the purposes of this process.

- If a missing student is under the age of 18 and not emancipated, the Dean of Students Affairs is required to notify the custodial parent(s) or guardian(s) of the missing student no later than 24 hours after the determination by the Dean of Students Affairs and Campus Security that the student is missing.
- No later than 24 hours after a student is reported missing, the Dean of Students Affairs, or his designee, will be responsible for contacting the appropriate Emergency Contacts as established above.
- The Dean of Students Affairs and Campus Security will also notify the Chadron Police Department no later than 24 hours after it is determined that the student is missing.
- The Dean of Students Affairs, or designee, shall have the responsibility to make provisions of this policy and the procedures set forth below available to students.
- The Dean of Students Affairs, or designee, will be responsible for filing all related missing person reports with other agencies as may be required and investigate.
- The Dean of Students Affairs, or designee, will organize support personnel when a student is determined missing and make appropriate contacts within the college (Counseling Center, Academic Dean of student's school, and Campus Security).

Needles/Syringes

Residents using medications, which require injections, should not dispose of the needles/syringes in the trash cans or trash chute in any building. Sharps containers are available in certain residence hall lobby restrooms. A resident can contact Health Services to obtain the proper disposal containers. Possession of tattoo equipment including but not limited to: tattoo guns, needles, and ink is strictly prohibited and could be subject to penalty through the State of Nebraska Licensure Boards.

Open Flame and Fire Hazards

Burning candles*, incense, coals, or smoking in a residence hall room is considered a fire hazard and is prohibited. Any type of open flame is considered a fire hazard. Oil fryers are not permitted. Please be aware that smoke and heat alarms are sensitive to the proximity of hair dryers, curlers, air fryers, etc.

Halogen lights and any form of lamp designed to emit heat are not permitted throughout the residence halls. Housing and Residence Life has the authority to restrict the presence of any item or equipment deemed unsafe. Notice regarding newly prohibited items will be posted and/or otherwise communicated.

*Candles or coals with evidence of use (i.e. burned wicks) will be confiscated and a violation may be issued.

Smoking and Vaping

The CSC Residence Halls are designated as “smoke free”; therefore, smoking in the residence halls is not allowed. This includes, but is not limited to the use of cigarettes, hookahs, pipes, cigars, e-cigarettes, vaping devices, mod and pod systems, or any other electronic nicotine delivery systems (ENDS). Hookah coals are considered a fire hazard; therefore, hookah pipes are not allowed in the

residence halls and will be confiscated. Residence hall smoke alarms are sensitive to vaping and ENDS devices.

Students who smoke outside a residence hall must do so far enough away from the building to avoid smoke or vapor drifting into the residence hall or interfering with those entering and exiting facilities. Cigarette butts, packaging, and other debris must be disposed of properly.

Smudging or Ritual Burning

CSC recognizes time-honored indigenous traditions and rituals referred to as “smudging”. Smudging involves the burning of sage, sweet grass, and/or cedar for the purification and cleansing of a space. The smoke associated with smudge is minimal and lasts a short time.

CSC also recognizes that the support of diversity is a shared responsibility at all levels of the college and will oversee the implementation of smudging rituals. CSC will work within the college community to ensure that the principles of creating a respectful living-learning environment and workplace are maintained.

A student must request approval at least two class days prior to activity from the Director of Housing & Residence Life or designee. Any student wishing to smudge within the residence halls may be granted permission to do so one time per room occupied per academic year. A student requesting to perform such ceremonies must be the contracted occupant of the living space in which ceremonies will take place. Smudging will not be permitted in community spaces including but not limited to entrances, lobbies, stairwells, computer labs, exercise facilities, kitchens, restrooms, and laundry rooms.

The Offices of Housing & Residence Life will supervise the implementation of smudging ceremonies, including scheduling the ceremonies, temporarily posting signage at the place of ceremony, and notifying other occupants of the room or suite as well as neighboring units in advance. Arrangements will be made with the CSC Maintenance Department to temporarily adjust smoke and fire alarm systems as needed.

Receptacles must be approved prior to burning. Sage smudge produces a strong and distinct temporary aroma. Sweet grass has a mild aroma and generally produces less smoke than sage. Cedar generally produces a mild aroma and also generally produces less smoke than sage. CSC Housing & Residence Life prefers windows remain open during the burning portion of the ceremony. Housing & Residence Life staff and other CSC staff, including student staff, may be notified of scheduled ceremonies as necessary.

Tornado Alert Procedure

A **tornado watch** is when conditions are favorable for a tornado, and one may be possible. A **tornado warning** means that a tornado or cloud rotation has been observed or detected by weather radar. Warning information is given by the radio and local. The warning to seek shelter is also given by the continuous and steady tone of the local emergency sirens.

In the event of a tornado warning take shelter in the basement or lowest level in the building. Residents are encouraged to bring a flashlight, blankets, and a battery powered radio in case of emergencies. For more information on tornado safety contact the Region 23 Emergency Management Agency at (308) 432-2251. In the event of a tornado siren, tune radios to 610 AM or 97.5 FM or turn on lobby televisions to any channel for emergency information.

Board Policy 3100

Board Policy 3100 establishes expectations for student conduct at the Nebraska State Colleges and the possible disciplinary sanctions in the event a student has engaged in misconduct. Board Policy 3100 can be found at: [NSCS Board 3100](#).

Prohibited Behavior

In addition to Board Policy 3100, the following behavior is prohibited throughout the residence halls:

- Unauthorized entry or trespassing into another student's room or unoccupied room.
- Abuse or misuse of designated entrances, exits, or alarmed doors.
- Propping exterior doors without staff permission.
- Vandalism in any form.
- Removing window screens.
- Abuse of prescription or over-the-counter drugs.
- Failing to evacuate a building during a fire alarm.
- Failing to comply with CSC Staff directives during an emergency.

- Riding or operating any vehicle or transportation
- Disruptive noise.
- Propping, wedging, or inappropriately accessing locked doors.
- Exiting alarmed doors outside of designated hours.
- Bullying or harassment in any form.

Quiet Hours, Noise, and Disruptive Behavior

Consideration for fellow residents is essential at all times and should set the atmosphere for community living. Unreasonable noise or disruptive behavior or activity will not be permitted. This regulation recognizes that the residence hall community consists of many diverse individuals with varying schedules. Residents should be cognizant of those living above, below, and around them.

Quiet hours for all residence halls are posted and defined as the hours between 10:00 p.m. and 9:00 a.m., Sunday through Thursday and 12:00 midnight and 9:00 a.m., Friday and Saturday nights.

Individual floors may vote to expand these minimum requirements; hours must be agreed upon by the residents of that floor and the residence hall staff. Common courtesy should be considered 24 hours a day; excessive noise is not permitted at any time. Adjustments to quiet hours may be made by Housing and Residence Life staff with advance notice. Students may anticipate mandatory 24/7 quiet hours and heightened noise protocols to be implemented in conjunction with final exams week and other time frames as needed.

Congregating in the hallways or lounge/study areas may create excessive noise. It is preferred these gatherings happen in the residence hall rooms with the doors closed or designated community areas like the Hub or the Vault. Residents are encouraged to be considerate of others who may be sleeping or studying when using potential sources of disturbance such as music, games, television, and video games. Students should consider using headphones or ear buds for higher volume. Room noise should not be heard down the hallway. Residents have different musical tastes and preferred volume levels. Residents that wish to use or practice musical instruments or devices are encouraged to utilize practice rooms in Memorial Hall.

Prohibited Items

The following items are not permitted throughout the residence halls:

- Weapons and dangerous chemicals:
 - Any device with a firing mechanism.
 - Archery equipment.
 - Ammunition.
 - Any blade over four (4) inches.
 - Fireworks.
 - Flammable liquids or fuels including gasoline, diesel, propane, and kerosene.
 - Dangerous acids and bases.
 - Large batteries, such as those for motor vehicles.
 - Vehicles with internal combustion engines.
- Non-prescription inhalants.
- Lofts and water beds. Bed risers greater than three (3) inches.
- Hot plates, oil deep fryers, or any appliance with an exposed heat source.
- Tattoo equipment.
- Dart boards and darts.

Alcohol

Alcohol is prohibited on the Chadron State College campus per Board Policy 3100. The possession, use, distribution, dispensing, delivery, sale or consumption, manufacture, or being in the presence of any alcoholic beverage, including empty bottles/cans, or any alcohol container on any part of the College campus including outdoor areas and parking lots is strictly prohibited. Endangering alcohol consumption that requires medical attention or college staff intervention is prohibited.

Appliances

Students may bring small appliances such as a crockpot, coffee maker, microwave, and/or toaster. Microwaves should be no larger than 1.3 cubic feet. Appliances with automatic shut-off safety features are preferred. Students may bring refrigerators 6 cubic feet or less (mini-fridge). Full size refrigerator units, chest freezers, or any other full-size appliance is prohibited. Students are encouraged to utilize kitchens located throughout the residence halls for large meals.

Gambling

Gambling with or for money, in any form, is not permitted in the residence halls. Gambling on state property is a violation of Nebraska State Law.

Marijuana and Tetrahydrocannabinol (THC)

Marijuana and tetrahydrocannabinol (THC) are prohibited on the Chadron State College campus per Board Policy 3100. The possession of a medical marijuana permit or prescription does not allow for the possession or use of tetrahydrocannabinol (THC) on the Chadron State College campus including within the residence halls. Any form of THC, even for medical purposes, cannot be possessed, stored, or used in the residence halls.

Pranks

Pranks and practical jokes can quickly escalate into unwanted behavior, an increase in noise level, and disturb other non-involved residents. Students who engage in practical jokes or pranks will be held responsible for damages and disruptions.

Room Decorations

A room is more enjoyable if decorated with posters, rugs, plants or other items. Students should not use decorations that create a health or safety hazard or cause damage to the room or residence hall. Empty can and bottle collections in the rooms are not permitted as they present a health and pest hazard.

- Rooms may not be painted by students.
- Black lights or any other type of bulb may not be placed in existing college light fixtures.
- Electrical equipment and lights may only be used if approved by Underwriter's Lab (UL).
- Natural trees are not permitted within residence halls.
- Using nails, screws, or other fasteners that damage walls in the residence halls is prohibited.
- If holes are made in the walls, the use of fillers, such as toothpaste, to fill those holes in is prohibited.
- Nothing may be mounted or permanently fixed to a wall, including televisions.

Adhesive strips are allowed, but must be designed to be removed; the proper removal procedures must be followed to avoid peeled paint. Command strips or masking tape are preferred. Charges may be assessed for peeling paint. It is encouraged to leave command strips for CSC Maintenance staff to properly remove. If CSC Maintenance is unable to remove strips without damage, charges may still be assessed.

Room Searches

All property and possessions contained in a student's room/campus housing are subject to college sweeps and inspections for "health and safety" considerations as well as "institutional-purpose sweeps" which include monitoring and enforcement of drug, alcohol and weapons regulations. Each student consents to such room sweeps and inspections and agrees to unlock any safe, lock box, or retaining device. Failure to unlock and provide access to a safe, lock box, or retaining device is grounds for the item to be confiscated and removed from the College premises. The following may constitute probable cause and lead to further investigation, including room entry, by Housing and Residence Life Staff:

- Concealment activities such as, but not limited to, covering room smoke detector or otherwise interfering with the operation of a smoke detector or fire sprinkler; fan in the window blowing air out of the room; open window when temperatures are very cold or very hot; barrier under the room door; attempting to cover the smell of banned substances.
- Statements or writing in any form by students and their guests related to the possession or use of illegal drugs, alcohol, weapons, or their concealment.
- Sensing what is believed to be alcohol, marijuana, or illegal drugs.
- Sensing any type of burning.
- Noise when an occupant is not present to address the noise.
- Harboring an unauthorized animal.

Residence Life staff may contact law enforcement to assist in handling situations involving drugs or other controlled substances. Residents who do not wish to be held accountable for a violation of policy should immediately leave the room/area in which these items are present. Reports of violations may be communicated to any Residence Life staff member. All room and suite doors will be locked following a search.

Solicitation and Posting of Information

Campus housing units are not to be used for any commercial purposes. Soliciting for business, charity, political, or religious purposes on campus grounds or in campus buildings by anyone is prohibited. All unauthorized signage may be removed immediately.

A professional Housing and Residence Life staff member must approve the posting of information within residence halls. Posters and other advertisements may be posted on designated public bulletin boards only. Residence Life staff will post information or items of interest by their room door in the hallway. Individuals or clubs may not post materials on fire exit doors, windows, or stairwells. Information posted in these areas or postings not approved by a professional Housing and Residence Life staff member may be removed without notice. All signage is subject to evaluation at any time, those with outdated information or completed events may be removed at the discretion of Housing and Residence Life staff.

Theft

Students are responsible for locking their room door and any suite doors. Students are highly encouraged to lock their room door and/or suite door when not present. CSC is not responsible for

personal property that is lost, stolen, or damaged. This includes property left in CSC storage areas during breaks. Large sums of money and other valuables should not be kept in the residence hall room. For purposes of insurance claims, it is recommended that a student file a police report for any theft. Students are encouraged to take pictures of, or otherwise document their personal items and corresponding serial numbers. This could assist law enforcement agencies in the event of a theft. Students are encouraged to consider insurance for their property. Personal lockboxes and safes are allowed in residence hall rooms. Renter's insurance is highly recommended.

Public signs, including road signs, are property of governmental agencies, and if discovered, will be confiscated and returned to authorities. Possession of a sign may result in disciplinary action by CSC and/or law enforcement.

Transportation Equipment and Devices

In the interest of safety, the indoor use, riding, or operation of any form of transportation including but not limited to: roller blades, roller skates, skateboards, longboards, scooters, hover boards, and bicycles is prohibited in the residence halls. These items may be appropriately stored within the residence halls but may not be ridden indoors. Students who choose to use transportation equipment indoors may be held liable for any damage or injuries which may result. Vehicles with internal combustion engines may not be stored indoors.

Board Policy 3200

Board Policy 3200 establishes the procedural due process available to students accused of misconduct under Board Policy 3100. Board Policies 3100 and 3200 can be found at: [NSCS Board Policy 3100 & 3200](#).

Conduct Violation Procedures

If a student receives a notice for violation of policy or misconduct, the following procedures will be followed:

- When possible, Housing and Residence Life staff will issue a physical Violation Report carbon copy slip for alleged policy violations.
- The student will receive an email from the designee for the Dean of Student Affairs outlining specific policies violated as well as the process to address the violation(s).
- The student shall contact the appropriate staff member within two class days to schedule an intake session to discuss the incident, complete additional paperwork, and discuss sanctioning.
- During the intake session, the student may select one of the following three options:
 - a. Admit the alleged violation and request, in writing, that the appropriate College official take whatever action seems appropriate.
 - b. Admit the alleged violation in writing and request a hearing before the appropriate hearing panel designated by the College. The hearing panel will determine the appropriate sanctions.

- c. Deny the alleged violation, in which case, the appropriate College official shall refer him/her to the appropriate hearing panel designated by the College. The hearing panel will determine responsibility and the appropriate sanctions.
- The student may request an informal residence hall appeal to dispute the violation by selecting option “b” or “c”. Certain alleged violations of policy or misconduct may circumvent the informal residence hall appeals and require a hearing panel designated by the College as outlined in Board Policy 3200.
- The informal residence hall appeal will consist of the student alleged of policy violation(s), a Resident Advisor, one to three student judicial representatives, and an Assistant Director of Residence Life. An Associate Director may also be present as needed.
- The student will be notified at the end of the informal residence hall appeal hearing if they are found fully responsible, partially responsible, or not held responsible as well as respective sanctioning.
- If the student waives their right to further due process, they will be required to complete the assigned sanction at the discretion of College staff, generally within two weeks.
- A student may request further review of an incident by requesting a formal appeal with a hearing panel designated by the College as outlined in Board Policy 3200, located at www.nscs.edu/policy-manual.
- If a student in the Rural Health Opportunity Program, Rural Law Opportunity Program, Education Program, or part of an athletic team or club is involved with a violation of policy or misconduct, notification of the incident may be communicated to the corresponding program supervisor or coach.
- If a student is employed by the College, notification of violations may be communicated with the Director of Human Resources or designee.
- Parent(s)/legal guardian(s) of students may be notified of alcohol/drug violations in accordance with FERPA guidelines.
- All violations are cumulative for the entire time a student is enrolled at CSC.

Situations involving law enforcement or emergency response, or transportation to a hospital are subject to escalated sanctioning. All fines collected for sanctions will be used to support the purchase of educational materials, programming, and staff training related to alcohol and drugs.

Disciplinary sanctions may include written or verbal warnings, written or verbal no-contact orders, fines, restitution or reimbursement, a period of probation, remedial behavioral requirements, remedial educational requirements, as well as suspension or expulsion from the residence halls or Chadron State College.

In the event that a concurrent civil or criminal action for the same behavior which forms the basis of misconduct allegations under the provisions of policy 3100 and/or the Residence Life Handbook is in progress, a student may request in writing to the Dean of Students Affairs, or equivalent administrator, that the College delay the continuance of the due process procedures. By requesting to delay until the external civil or criminal proceeding has concluded, the student agrees that they shall not attend any college classes or college-sponsored events or activities or shall not enter or use college property without specific written authorization from the Dean of Students Affairs.

Animals in the Residence Halls

Assistance Animals

Assistance animals must be approved by the CSC Disability Services office and the Housing Office prior to entering residence hall facilities. Assistance animals will be treated in accordance with Board Policy 3700.

CSC may allow a student to be accompanied by an Assistance Animal that is not a service animal if the animal is necessary because of the student's disability. The College will evaluate whether to permit an Assistance Animal using the same procedure as it uses to evaluate any other request for reasonable accommodation.

While the College will evaluate each request on a case-by-case basis, students generally may establish the necessity for an Assistance Animal in student housing if: (1) the student has a documented disability; (2) the student provides verification documentation from a health care professional with whom a student has an established clinical relationship that the Assistance Animal is necessary because of the student's disability to have an equal opportunity to use and enjoy student housing.

The presence of the Assistance Animal must also be reasonable. Assistance Animals can pose no direct threat to the health and safety of others; cause substantial damage to the property of others; pose an undue financial or administrative burden; or fundamentally alter the nature of the College's operation. Students with disabilities who have Assistance Animals must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities.

The College is not responsible for the care or supervision of Assistance Animals. The College is not responsible for the evacuation or care of Assistance Animals during fire alarms, fire drills, building or campus emergencies, or natural disasters. A student with a disability who has an Assistance Animal is solely responsible for the cost, care, supervision and well-being of the animal at all times. The College will require a student to provide evidence that the Assistance Animal's vaccinations are current. Students with disabilities who have an Assistance Animal are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

Animals must be under the proper control of the approved owner, with dogs being leashed per Chadron City Ordinance.

Pets

Pets, except non-dangerous fish, are prohibited in the residence halls. Aquariums may be no larger than 10 gallons and only fish may be kept in an aquarium. Limit one aquarium per student per living space. If an unauthorized animal is discovered throughout the residence halls, the responsible student will be in violation of the code of conduct. Residents may be given an appropriate timeline to remove the animal. If the animal is not removed or another unauthorized animal is discovered, this may result in additional disciplinary action.

Service Animals

Service animals will be treated in accordance with Board Policy 3700.

In determining if a student is allowed to have a service animal, the Colleges may ask two (2) questions: Is the dog required because of a disability? and What work or task has the dog been trained to perform?

- If the student answers yes to the first question and adequately describes that the dog has been trained to perform work or task(s) directly related to the student's disability, the service animal is allowed unless it is otherwise unreasonable to do so as described in this policy.
- The Colleges may not ask any questions regarding the nature and/or severity of the student's disability or for any documentation.

The Colleges may request proof of compliance with vaccination requirements.

Service animals may accompany the student in any and all locations where students are reasonably permitted to be and where it is deemed safe for the animal to be. The Colleges may prohibit the use of service animals in certain locations because of health and safety restrictions.

Students with disabilities who are accompanied by a service animal must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities.

Service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the student's disability prevents using these devices. In that case, the student must maintain control of the animal through voice, signal or other effective controls.

Students with disabilities who are accompanied by a service animal are solely responsible for the cost, care, supervision, and well-being of the animal at all times.

- The Colleges are not responsible for the care or supervision of service animals.
- The Colleges are not responsible for the evacuation or care of service animals during fire alarms, fire drills, building or campus emergencies, or natural disasters.

Students with disabilities accompanied by a service animal are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

Cleaning up after the animal is the sole responsibility of the student with disabilities that is in possession of the service animal. If the student is not physically able to clean up after the animal, it is then the responsibility of that student to hire someone capable of cleaning up after the animal in a timely, hygienic, and respectful manner.
