PLACEMENT REPORT

2017 - 2018

Each year the Office of Career and Academic Planning Services produces a report about the previous year's graduates. This report covers graduates that received Bachelor's or Master's degrees. This information is intended to assist currently enrolled and prospective students in selecting academic majors and making career decisions.

Information was collected through the use of surveys sent to graduates in September, October and November. An electronic survey was also available and noted in the mailing. This report represents 30% of Bachelor degree graduates, and 28% of Master degree graduates.

A list of the specific job titles, employers and employment locations of these graduates is available from the Office of Career and Academic Planning Services.

Compiled by Office of Career and Academic Planning Services, Janet Hartman, Office Assistant, Malinda Linegar, Director, Institutional Research and Heather Crofutt, Institutional Research, IT Specialist

Status of 2017 - 18 Bachelor's Degree Graduates

* "other employment" includes part time and seasonal employment out of related field and full-time employment not in desired field.
