

IR 15-03  
*In re Interest of Michael Hall, Senator of High Rise*  
**Opinion of the Court**

PER CURIUM

On September 8, 2015 the Constitutional Court of the CSC Student Association received a petition from the Chief Justice praying that this Court recommend the removal of Senator Michael Hall, Residence Hall Senator, representing the residents of High Rise. The petition alleges that Sen. Hall missed regular Senate meetings on April 27, 2015 and August 31, 2015. These acts, if proved, would require Senator Hall to be recommended to the full Senate for removal. However, the court considers none of these arguments. Where Sen. Hall's term has ended, via the swearing in of new Residence Hall Senators at the regular Student senate meeting on September 14, 2015, the Court cannot grant relief requested by the Chief Justice, even if the allegations were proven. Therefore, this court dismisses the petition for In Re Review IR 15-03 without a hearing to prove the facts.
