WHAT IS TITLE IX?

The U.S. Department of Education's Office for Civil Rights (OCR) enforces, among other statutes, Title IX of the Education Amendments of 1972. Title IX protects people from discrimination based on sex in education programs or activities that receive federal financial assistance. Title IX states:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

COLLEGE POLICIES

These policies establish the commitment of the Board of Trustees to providing an environment for students and employees participating in College programs and activities free from unlawful discrimination, harassment, or violence and further outlines guidance for students and staff and reporting procedures related to sexual violence and sexual harassment. The policies can be located at www.nscs.edu

BOARD POLICY 3020 - STUDENTS **BOARD POLICY 5011 - EMPLOYEES**

COLLEGE'S DUTY TO REPORT AND CONFIDENTIALITY

To make informed choices, you should be aware of the College's mandatory reporting requirements and confidentiality and privacy issues. For students under the age of 19, the college must report incident to DHHS.

Mandatory Reporters are College employees who are required to share all information they may have regarding any incident of Sexual Harassment with the Title IX Coordinator. The Title IX Coordinator or their Designee will reach out to you regarding the alleged incident. They will explain the Supportive Measures and College resources available to you and the relevant policies, which are discussed in a later section of this brochure. You may choose to make a Formal Complaint of Sexual Harassment or request that the College take no action. The Title IX Coordinator will be respectful of your privacy and your information will be shared with as few people as possible. Supportive Measures and College resources are available to you regardless of your decision.

The College will generally be able to respect a request that no action be taken on a report, but there may be circumstances in which the College must take action, such as when there may be a threat to the larger campus community. In weighing a request for no action the College considers several factors, including the severity of the alleged conduct, whether weapons, drugs, or predation behavior are involved, and potential threats to students and employees, and any other relevant information. If the College takes action on the matter against your wishes, you will not be required to participate in the grievance process, but you are permitted to do so.

WHAT TO DO IF YOU HAVE BEEN SEXUALLY HARASSED?

Campus officials are available to assist. The following are steps you can take.

Go to a safe place. In an emergency, call 911

PRESERVE EVIDENCE

Do not bathe, shower, or brush your teeth. Do not wash your clothing, linens, or the area where the assault occurred.

Preserve any text messages, voice mail messages, or any other evidence.

EMERGENCY ASSISTANCE

Chadron Police Department: dial 911

24/7 Campus Security: 308-430-6037

LAW ENFORCEMENT ASSISTANCE

Chadron Police Department: dial 911

Non-Emergency Line: 308-432-0510

You may report a concern to law enforcement. The Title IX Coordinator can assist you in contacting law enforcement if you would like. Reporting to law enforcement and reporting to the College are separate processes. You may pursue either, both, or none. If you pursue an order of protection or similar judicial remedies, you are responsible for notifying the College of the order and providing the Title IX Coordinator or Designee a copy. The Title IX Coordinator or Designee can discuss with you the options for enforcing it within the College's educational programs or activities.

MEDICAL ASSISTANCE

Chadron Community Hospital: 308-432-5586
825 Centennial Drive, Chadron, Nebraska 69337

Campus Health Services: 308-432-6232
Crites Hall, 3rd Floor

National Sexual Assault Hotline: 800-656-4673
<https://www.rainn.org/articles/rape-kit>

You should seek immediate medical attention if you are injured, or believe you may have been exposed to an STI/STD or potential pregnancy. Sexual assault nurse examiners (SANE) are trained in the collection of forensic evidence, and can check for injuries and exposure to sexually transmitted diseases during a sexual assault forensic exam. You may wish to preserve forensic and other evidence as may be necessary to the proof of criminal behavior or obtaining an order of protection. Evidence may include tissue and fluid samples, evidence of violence, clothing, sheets, and towels. To see more information about sexual assault forensic exams from RAINN go to their website www.rainn.org.

Evidence of an assault can deteriorate quickly, you are encouraged to seek a medical exam as soon as possible. To find a location near you that performs sexual assault forensic exams, call the National Sexual Assault Hotline at 800-656-4673.

Evidence collection should be completed within five (5) days of an assault, but fluids, hair samples, and DNA can be collected for a long time thereafter. You may choose to avoid washing, bathing, urinating, etc. until after being examined. Even if you have washed, evidence can often still be obtained.

If you are still wearing any clothes worn during the assault, wear them to the hospital, but bring a change of clothes, as the hospital will keep the clothes you are wearing as evidence. If you have changed clothes, bring the ones you were wearing during the assault to the hospital in a

clean paper (not plastic) bag or a wrapped in a clean sheet. Leave sheets/towels at the scene of the assault for law enforcement to collect. Typically, law enforcement will be called to take custody of a sexual assault forensic exam, but it is up to you whether you wish to speak with them or file a criminal complaint.

After five (5) days, it may still be helpful to have medical attention, even if you are not trying to obtain evidence of an assault. It is also important to preserve non-forensic evidence, which can take the form of text messages, pictures, and videos, for example

WHAT DO I NEED TO KNOW ABOUT THE COLLEGE'S GRIEVANCE PROCESS?

For more information on how the College addresses Sexual Harassment, see Board Policies 3020 and 501

Who Is Involved?

An individual who alleges they experienced Sexual Harassment from another person is called the **Complainant**. The person who allegedly committed Sexual Harassment is called the **Respondent**. They are collectively referred to as the parties. There may be **Witnesses**, people who either witnessed the alleged incident(s) or have relevant knowledge about the incident(s).

How Does It Work?

The College provides a prompt, fair, and impartial investigation and resolution of allegations of Sexual Harassment. All relevant evidence is objectively evaluated, and Respondents are presumed to be not responsible for the alleged conduct until a determination of responsibility is made at the end of the grievance process. The College bears the burden of proof and gathering evidence; the parties do not. The parties have an equal right to an Advisor of their choice, who accompanies them to all meetings and proceedings. The College officials involved in the process receive annual training on issues related to policy violations, such as Sexual Harassment, to have a process that protects the safety of both parties and promotes accountability. The College strives to complete the grievance process within sixty (60) business days. The parties are notified simultaneously in writing of the outcome of the grievance process.

The grievance process begins with a Formal Complaint. This is a complaint filed and signed by the Complainant or the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting the College investigate the allegation per Board Policy 3020/5011. The College's Title IX Coordinator or their Designee will conduct an investigation of the Formal Complaint.

The Complainant has two options to resolve their Formal Complaint. (1) Investigation and Hearing; and (2) Informal Resolution.

1. Investigation and Hearing:

The Title IX Coordinator, designee, or third-party investigator will conduct an investigation of the Formal Complaint. They interview the Complainant, the Respondent, and any Witnesses, and review the evidence. They produce an Investigative Report, which fairly summarizes the relevant evidence. The parties have the opportunity to review and respond to the Investigative Report and evidence gathered before the investigation concludes. Following the investigation the College holds a Hearing to determine whether or not the Respondent is responsible for the alleged Sexual Harassment. The standard used in these proceedings is the preponderance of the evidence standard, which is also known as "the greater weight of the evidence."

The College may take disciplinary action when the Respondent is found responsible for Sexual Harassment. This may include warnings, disciplinary probation, loss of privileges, restitution, remedial work assignments, remedial education requirements, service requirements, remedial behavioral requirements, College housing relocation or suspension, removal from College housing, suspension, and expulsion.

2. Informal Resolution:

When appropriate, the Title IX Coordinator or their Designee may facilitate an Informal Resolution between parties that does not involve a full investigation and Hearing. This must occur before a determination of responsibility is made at the Hearing, and both parties must consent to participate in the process. Informal Resolution allows the parties to negotiate an agreement to resolve the Formal Complaint. This may be accomplished through mediation, for example, or the Title IX Coordinator can facilitate communication between the parties as they work to come to an agreement. *Informal Resolution may not be used to resolve allegations that an employee, including a student-employee, sexually harassed a student within the context of their employment.*

APPEALS

Both parties may appeal the determination of responsibility to the President. An appeal must be in writing and made within five (5) calendar days of the determination of responsibility. If an appeal is filed, the Title IX Coordinator or their Designee will inform the other party in writing, and both parties will have five (5) calendar days to provide the President with a written statement, if they wish.

There are three (3) permissible bases for an appeal:

1. Procedural irregularity that affected the outcome of the matter
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter
3. The Title IX Coordinator, Designee, Hearing Chairperson or Hearing Panel member had a conflict of interest or bias for or against Complainants or Respondents generally, or the individual Complainant or Respondent, that affected the outcome of the matter.

If an appeal is filed, the determination of responsibility will not become final until the College notifies the parties of the result of the appeal. Any disciplinary action imposed by the determination of responsibility is frozen during this time, and only goes into effect after the five (5) day window for appeal closes, and if an appeal occurs, after it is complete. Parties will be notified of the result simultaneously and will receive a written rationale for the result.

PREVENTION OF SEXUAL HARASSMENT AND RISK REDUCTION STRATEGIES

PREVENTION

Incoming students are provided education and training opportunities on Sexual Harassment and risk reduction strategies. Ongoing awareness and prevention campaigns are provided throughout the academic year to students, faculty, and staff.

RISK REDUCTION STRATEGIES

To reduce your risk of involvement in an incident of Sexual Harassment, consider the following strategies:

1. BOUNDARIES:

A boundary is a defined limit you set with another person regarding their behavior towards you. Boundaries can be physical, sexual, social, and emotional. For example, if you tell someone it is not OK for them to have sex with you without using a condom or other form of birth control, you have communicated a boundary

2. CLEAR COMMUNICATION IN SEXUAL ACTIVITY:

Being direct about what you want or do not want in your sexual activity helps ensure you and your partner understand each other's boundaries and expectations. Saying "yes, I'd like to do that" or "no, I am not comfortable doing that" is clear communication

3. BE RESPONSIBLE FOR YOUR ALCOHOL OR DRUG CONSUMPTION

Drugs and alcohol affect everyone differently, and they can affect a person's judgement. When you remain in control of what you consume, you are helping to keep yourself and those around you safe.

Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.

Consent cannot be implied from silence and passivity. Read your partner carefully,
